

JURY FINDS ELLIS GUILTY OF MURDER

PUNISHMENT IS FIXED AT FIFTEEN YEARS IMPRISONMENT

Decision Is Reached After Three and One Half Hours Deliberation—Jurors Apparently Disregard Defense of Transitory Insanity.

Chicago, Ill., March 5.—William Cheney Ellis was today found guilty of murdering his wife, Mrs. Eleanor Hoesa Ellis last October in a Chicago hotel. Punishment was fixed at imprisonment in the state penitentiary for fifteen years.

The jury reached a decision after deliberating three and one-half hours. The defense of physis epilepsy or transitory insanity set up by Ellis apparently was disregarded by the jurors.

Ellis claimed he had been driven to mania by knowledge that his wife was lost to him and had given her love to Fred G. Caldwell of Brantford, Ont., Canada, a young drug goods merchant, the Ellis' met during a vacation at Georgian Bay.

Ellis shot and stabbed his wife to death in their hotel room here Oct. 16, 1913. He is 47 years old and was a dealer in leather goods in Cincinnati, Ohio. He had followed his wife here several days after she came to Chicago on a visit to relatives. They celebrated their ninth wedding anniversary with a dinner and theater party the night of the murder.

When found with the body Ellis appeared dazed. He had slightly slashed his own wrists and throat. He at first declared the tragedy was the result of a suicide agreement, because of his business troubles. Before the coroner's jury he changed his explanation.

The story of his jealousy of Caldwell had escaped him but Ellis made an effort to cover it up. He testified he alone was responsible for the killing, but that he had meant that both should die.

Later in the jail hospital Ellis decided to try to live and escape punishment for the murder. It was then that the defense of temporary mania was prepared and the burden of its cause laid on an alleged infatuation of Mrs. Ellis for Caldwell. Caldwell declined to come to Chicago to testify, but from his home in Canada he sent despatches indignantly repelling the accusations of Ellis. He declared that dragging him into the case was an outrage. At the time of the murder Ellis was broken in health from an advancing ailment, his business had dwindled and he had been the victim for a long period of spells of brooding, depression and nervousness.

George Remus, Ellis' counsel said the verdict was a complete victory for the defense and indicated he would not press a motion for a new trial, which was filed immediately after the verdict was read.

If the new trial was denied, he said, Ellis probably would be taken to the penitentiary to begin his servitude without making an appeal.

REFUTES PREDICTIONS THAT HIGHER EDUCATION INJURES WOMEN'S HEALTH

Sewanee, Tenn., Woman's College Head Addresses Religious Education Association Convention.

New Haven, Conn., March 5.—"Thirty years ago, the prediction was made that the higher education was fostering a blow to the health of women," said Miss Laura Drake Gill, president of the college for women, Sewanee, Tenn., in addressing the eleventh annual religious education association convention tonight, "but figures show that that only a very small percentage have impaired health."

"Later the cry was that college women were not marrying early enough or if they married, they did not have children enough. Again figures show that while college women marry a little later in life, they finally marry in the same proportion as their nearest female blood relatives who were not college graduates and that they have relatively larger families, a larger percentage are boys and that their children have better health."

"As to the economic status of college women," Miss Gill said, "inquiry shows that they are not reaping the return for the capital invested in their training. One trouble is that the greater number of graduates have gone into teaching. The non-teaching occupations give better salaries, more rapid advancement and greater opportunities."

The first public session was held in Woolsey Hall at Yale tonight and was largely attended. The speakers were President Arthur T. Hadley of Yale, President C. F. Thwing of Western Reserve University and Prof. T. G. Soares of Chicago University and Dean Brown of the Yale Divinity school.

ADAMS AGENT AT FARMINGTON IS CHARGED WITH EMBEZZLEMENT

PEORIA, Ill., March 5.—C. L. Brown, agent for the Adams Express company at Farmington, Ill., was arrested today on a warrant charging embezzlement. Brown apparently was robber of \$6,400 a week ago when he was found unconscious bound and gagged in the office in front of the safe. Several days ago all but \$700 of the money was recovered from an outhouse. The arrest today followed the discovery that Brown was \$800 short in his accounts.

STATE OF SEIGE IS PROCLAIMED IN THREE BRAZILIAN CITIES

Government Takes Action as a Preventative Measure Against Any Possible Trouble—Create Much Discussion in Washington.

Rio Janeiro, Brazil, March 5.—The Brazilian government authorities today proclaimed a state of siege in the cities of Rio Janeiro, Niteroy and Petropolis. This is to remain in force until March 31st. The government's action is taken as a preventative measure against any possible troubles.

Disturbances were feared from certain elements of the population as a result of the recent insurrection in the province of Ceara where the situation is reported worst.

Managing editors of three of the principal newspapers, A Epoca, Correio Da Noite and O Imparcial were placed under arrest today, while Generals Thaumaturgo, Azevedo and Feliciano Monda de Moraes, two colonels and some other officers of the army, were also made prisoners.

A strict censorship was immediately established by the government on telegraphic communications and all the troops were confined to barracks in readiness for any eventualities.

There were no disorders in the federal capital.

Creates Much Discussion.

Washington, March 5.—News of the situation in Brazil created much discussion in official circles here today. While officials were here or less in the dark as to the exact cause and nature of the outbreak, in some quarters it was said that the news was not unexpected. Generally, however, the opinion was expressed that the trouble would be short lived.

Fear For Tourists Safety.

Chicago, March 5.—Fear for the safety of fifty members of the Illinois Manufacturers' association touring South America who are near Rio Janeiro was expressed here today. John M. Glenn, secretary was at Sao Paulo or Santos today. These cities are not far from the Brazilian capital.

DECLARES PRESS REPORTS ABOUT \$100,000 LOAN WERE UNTRUE

Head of Western Federation of Miners Asks Illinois Officer About Charge That Loan Is Overdue.

PEORIA, Ill., March 5.—Charles H. Moyer, president of the Western Federation of Miners, sent a telegraphic message today to Secretary McDonald of the Illinois branch of the United Mine Workers of America, which now is in convention here demanding to know if the report that McDonald had demanded the return of the \$100,000 loaned the federation by the Illinois Mine Workers were true. Moyer declared the loan was not over due and still unpaid as press reports had stated. McDonald stated the press reports were untrue and that a misunderstanding had arisen. He said his remarks had referred to a loan made to the International Mine Workers association. He declared the loan to the federation would not become due for two years.

The convention voted today to re-district the state making 12 sub-districts instead of nine. An address at the afternoon session by Frank E. Comerford of Chicago resulted in the appointment of a committee to investigate the plight of Carl Parsons, the Clinton editor who killed a strike breaker in a railroad strike at Clinton. Comerford upheld the action of the editor and asked that the state miners aid his fight for freedom.

CANNOT PUNISH CITY FOR NOT PROTECTING NEWLY-WEDS

ALMA, Kansas, March 5.—The city of Alma cannot be punished for failure to protect William Boyd and his bride from the strenuous charivari of seventy-five men and boys, Judge John Curran decided in the district court here late today. Boyd had sued for \$1,670, alleging the charivari party really was a "mob." The judge did not think so. However, attorneys for the city after the court gave its decision agreed voluntarily to allow Boyd \$75 to repair his home which was damaged by dynamite used by the crowd.

FIRST PRODUCER OF PAPER FROM WOOD PULP DIES AT BROOKLYN

NEW YORK, March 5.—I. Augustus Stanwood, who, watching horsets hunt their nest half a century ago, conceived the idea of manufacturing paper from wood and thus became, it is said, the first producer of paper from wood pulp, died in his Brooklyn home yesterday. From old fence rails and dry logs the horsets observed by Mr. Stanwood scraped wood shavings and with it constructed their homes. In 1862 he built a wood pulp factory which still stands in Gardner, Me. Mr. Stanwood was born in Augusta, Maine, 75 years ago.

CHARTER STATE BANK.

Springfield, Ill., March 5.—The First State Bank of Georgetown, Ill., was chartered today by State Auditor James J. Brady. The capital is \$25,000. The incorporators are Samuel Bennett, John Mackay, Jr., J. R. Dillon and William C. Jones of Georgetown; O. M. Mackay and J. Edward Thomas of Westville.

EARTH SHOCKS IN SOUTHWEST.

Atlanta, Ga., March 5.—Earth shocks slight, but distinct were felt late today in many cities and towns of Tennessee, Georgia, Alabama and the Carolinas.

BASEBALL MEN GATHER TO GREET TOURISTS

PLAYERS WILL ARRIVE ON LUSITANA AND DOCK AT 9 O'CLOCK TODAY

Besides the Welcome, Magnates Expect to Have Time Well Occupied By Conferences Over Situation Created By the Advent of the Federals.

New York, March 5.—Men prominent in organized baseball as well as a large group of Federal leaguers arrived today to welcome the touring ball players who will arrive tomorrow on the Lusitana. Plans have been made to greet the ball tossers at quarantine which the liner is expected to leave in time to dock by 9 o'clock in the morning.

To Confer Over Situation.

Besides the welcome to the tourists, which in its main feature will take the form of a banquet Saturday night the time of the magnates in organized baseball is expected to be well occupied by conferences over the situation created by the advent of the Federals. The latter have a particular interest in homecoming of the Giants and White Sox because of their desire to procure the signatures of some of the returning players to Federal League contracts.

President Ban Johnson of the American League came into the city on the same train today with James A. Gilmore, head of the Federal organization. Tonight brought President John K. Tener of the National League to the city. The national commission trio was completed by the arrival of President August Herrmann of the Cincinnati club. Heads of other clubs also arrived with a number of minor league representatives. The Chicago friends of President Comiskey, eighty in number also arrived today and chartered the steamer Niagara to meet the Lusitana.

The magnates will go down to meet the Lusitana on the government revenue cutter. At a late hour President Gilmore and his associates had been unable to get tickets to the cutter. There was some talk of chartering a boat, but assistants would not give the Federals admission to the Lusitana.

Sends Wireless to Players.

Gilmore today sent wireless messages to the eight players he wants. Speaker Crawford, Magee, Wingo, Egan, Leverenz, Doolan and Evans—and told them not to sign until they had heard from him.

"They will be crazy if they don't accept what we are willing to give them," said the Federal chief.

During the day Gilmore arranged a deal by which Edward W. Gwinner, a Pittsburgh capitalist, took over the majority holdings of the Pittsburgh Federals. Gwinner is the son of a wealthy retired contractor and former bank president. Gilmore also said that within the last two days men with money played at their command had taken over the Buffalo club.

LEADER OF NEW YORK ARMY OF UNEMPLOYED GIVES \$7,500 BOND

Members of His Force, 190 Strong. Line Up to Answer Charges of Disorderly Conduct—First Case Is Continued.

New York, March 5.—Frank Tannenbaum, former waiter and now leader of an army of unemployed marching under the banner of the Industrial Workers of the World furnished bond of \$7,500 tonight through a surety company. His force of 190 strong was lined up in chief magistrate's office to answer charges of disorderly conduct. Tannenbaum is held on a charge of inciting to riot—a felony. He and the members of his marching party were arrested last night in a church on West Broadway which they had invaded.

Only one of the men was arraigned before Magistrate Corrigan and after a session that lasted all afternoon it was announced his case would be continued until tomorrow. Chief Magistrate McAdoo, when informed of the manner in which the first case had progressed said: "Each of these men is entitled to a separate trial if he wants. We will continue as the men desire, if it takes a year. Meanwhile the men will stay in jail unless some one furnish bail for them."

Mayor Mitchell tonight defended the action of the police in making the wholesale arrests.

COURT RULES COMMISSION HAD NO RIGHT TO ORDER SERVICE

SPRINGFIELD, Ill., March 5.—Judge Creighton ruled today in the circuit court that the railroad and warehouse commission had no right in 1911 to order the Chicago, Burlington & Quincy railroad company to give additional passenger service on its Mendota branch, connecting Mendota and Rock Island and Davenport and Moline. In response to a petition presented by commercial interests of the tri-city.

The court held that it was in the province of the new public utilities commission to rule on the question, the basis of such an order being its reasonableness.

DECLARES REPORT INCORRECT.

Boston, Mass., March 5.—Madam Melba, who was reported in a New York despatch today as having cancelled her American engagement, because of illness, said tonight that the report was incorrect. She is at a hotel here. Over the telephone she said that she was not ill and expected to fill her engagements.

LONDON PAPERS PRAISE WILSON'S SPECIAL MESSAGE TO CONGRESS

Daily Graphic Says It Affords Impressive Illustration of the Loftiness With Which He Interprets His Duty as Head of the Republic.

London, March 6.—The Daily Graphic in an editorial this morning praises President Wilson's special message to congress yesterday, urging trade repeal of the clause of the Panama canal act exempting from the payment of tolls American coastwise shipping.

"President Wilson yesterday afforded the United States and the large world outside," says the Graphic, "a singularly impressive illustration of the loftiness and correctness with which he interprets his duty as the chief magistrate of the republic. To do right and to do it loyally and generally is a lesson to the world and President Wilson has failed to emphasize the fact that in matters of this kind the highest honesty is also the largest window."

The Times in an editorial says: "The striking message which President Wilson read to congress yesterday, whatever its practical results, will win him the approbation and respect of all that is best among the English-speaking nations of the globe."

The editorial points out that by a curious coincidence the message comes at the same time as the memorial to parliament urging Premier Asquith to reconsider the government's refusal to participate in the Panama-Pacific Exposition.

The Daily News styles the message as one of the most perfectly phrased documents of modern times. The editorial admits that the United States might have an absolute right not to impose tolls on American coastwise shipping just as Great Britain has the right to abstain from participation in the Panama-Pacific Exposition but that such actions would be mistakes. Great Britain's mistake with regard to the exposition, it adds was shown by the memorial passed by parliament Wednesday urging the reconsideration of the decision not to participate, which was signed by men representing the greatest trading and manufacturing interests of the country.

UNITED MINE WORKERS PAY TWO MILLIONS IN BENEFITS IN COLORADO

Member of House Sub-Committee Asks Leader Why the Union Did Not Use Money to Lease Mines and Keep the Men at Work.

Denver, Colo., March 5.—The United Mine Workers of America have paid practically two million of dollars in strike benefits to Colorado miners since April 1, 1910. This was the statement today of Edward L. Doyle, secretary-treasurer of the union, before the house sub-committee investigating the Colorado coal miners' strike. The labor leader was asked by a member of the committee why the union did not use two million of dollars to lease all the Colorado mines and keep the men at work.

"The money raised for strike benefits was contributed by members all over the United States," replied Doyle.

"It was given for the support of a strike, with the object of benefitting the organization and all its members. We would not consider it fair to take this common fund and expend it in a way that would not advance the union cause, however, much of it might benefit the individual miners in Colorado."

The committee questioned Doyle regarding the testimony yesterday at Walsenburg by E. G. Bettis, operator of the Royal George mine in Fremont county, who declared that in short experience under a union agreement he had found that his business was absolutely dominated by the union.

Doyle argued that the right of a labor organization to require only its members to be employed was similar to the right of a community to make rules for the regulation of those living in it.

CORONER REPORTS CHICAGO'S STREETS ARE SAFER THAN HOMES

CHICAGO, March 5.—Streets in Chicago are safer than the homes, and horse-driven vehicles contribute more to accidents than the motor driven conveyances, according to a report of Coroner Zimmer, made public today. In 1912 there were more accidental deaths reported in homes than in the street, the report says. "Out of every 5,000,000 miles of travel of horse drawn vehicles, there was 26 and a fraction accidents. For the same distance of automobile travel there were 12 and a fraction accidents."

The conclusions were based on reports to the coroner's office for the last four years.

TO RETURN DICKINSON.

Springfield, Ill., March 5.—Charged with the embezzlement of \$2,500 from the E. H. Hunt corporation of Chicago, during the two years prior to April 1st, 1913, while acting as secretary and treasurer of the concern, a requisition was issued today for the return to Chicago of Charles M. Dickinson, under arrest at Glendive, Mont.

HOPPE SHOWS POORER FORM.

Chicago, Ill., March 5.—Willie Hoppe tonight defeated Calvin Demaree 6-0 to 369 in the seventh game of the five man 18.2 billiard tournament. Hoppe did not show the form which made his previous game so interesting and the match ran twenty one innings.

TERRAZAS APPEALS TO CONSUL TO SAVE SON

OCTOGENARIAN ASKS AMERICAN CON- SUL LETCHER TO INTERVENE

Three Thousand Rebels Marching Toward Torreon Are Defeated—Diaz Appears in Washington—Works Will Address Senate on Situation Today.

El Paso, Texas, March 5.—General Luis Terrazas this afternoon appealed to Marlon Letcher, American consul at Chihuahua now in this city awaiting instructions, to save his son Luis whose life will be forfeited if 500,000 pesos ransom money is not paid over to General Francisco Villa, the rebel leader, today.

Consul Letcher was deeply moved by the appeal of the octogenarian head of the great Mexican family whose wide possessions have been confiscated by the constitutionalists but he had to reply that he was helpless in the matter.

General Terrazas left Consul Letcher's room today and appeared in the hotel lobby visibly shaken. A personal appeal to Secretary Bryan was suggested, but the old man only shook his head. The appeal however, may be made, unless it is possible to raise the ransom money.

The great bulk of the Terrazas fortune, normally estimated at \$400,000,000 was tied up by the confiscation order and most of the money available in foreign countries has been spent in the last three years.

It was said tonight that the most serious obstacle in the way of a settlement of the matter is Villa's refusal to allow Don Luis to leave Mexico after the money is paid.

The investigation of the Benton and Baugh cases begun at Juarez today by a commission of three Mexicans appointed by General Carranza has no interest on this side of the river.

A member of the Anglo-American commission appointed for the same purpose but whose efforts were frustrated by the rebels said tonight that this commission doubtless would disband, although Charles A. C. Perceval, of the British consular service and a member of the commission is still here.

Rebels Are Defeated.

Mexico City, March 5.—Three thousand rebels under General Toribio Ortega, who were moving toward Torreon, were defeated today between Conejos and Escalon according to advices received tonight at the war department. The despatch said four hundred rebels were killed in the engagement.

Reveals Broad Interest in Problem.

Washington, March 5.—While tension that had been felt over the Mexican situation as a result of the Benton execution has been practically removed in official circles here, the discussion of Mexican affairs at both the capital and executive quarters today revealed a broad interest in many details of the Mexican problem. The expedition of the American commission to Chihuahua to examine the body of Benton has been only temporarily abandoned, according to officials.

Felix Diaz who helped Huerta to overthrow Madero and later fled from Vera Cruz because of fear of Huerta, arrived here today. It is generally supposed that he desires to appear before the senate foreign relations committee, though he has submitted no request and has avoided publicity. Senator Shively, acting chairman of the committee, said Diaz would be heard if he wished, as all information possible on the Mexican situation was being gathered.

Senator William Alden Smith of Michigan, has declared that he would not give a hearing to Diaz if he had his way about it as he believed the United States was becoming the "international spawning ground of revolutions."

Senator Works of California will address the senate tomorrow on the Mexican situation while Senator Fall of New Mexico will discuss the subject Saturday.

Secretary Bryan appeared before the house committee on foreign affairs and answered questions about conditions in Mexico. Afterward some of the members of the committee said he made a favorable impression and that resolutions calling for information would not be necessary.

Representative Aimey, Republican of Pennsylvania, however, who has a resolution pending calling for information on the Mexican situation issued a statement declaring that the house was entitled to receive the facts and that they should be made public.

"I have no patience," he said, "with the suggestion that the truth might inflame the American people to demand war when they so universally desire peace. Diplomacy would stand on firmer grounds if it were more open and above board."

WILL SELECT BOARD APRIL 1.

Washington, March 5.—The federal reserve board will be selected by April 1st. In talking with callers today, President Wilson gave that date as the one toward which the organization committee was looking for the establishment of the new federal reserve system of banks.

NOTED RACER DIES.

Lexington, Ky., March 5.—Famously, by Chimes, 2:06, famous trotting mare, the holder of world's records during her racing career, died today at the farm of her owner, J. R. Magowan, Mount Sterling, Ky. She was the first three year old to beat 2:10 and when four years old made a record of 2:06.

WANT HULL HOUSE, REPRESENTATIVE TO WITHDRAW FROM LABOR STRIKES

Representatives of Many of Chicago's Downtown Business Houses Send Resolution to Jane Addams.

Chicago, March 5.—A resolution calling upon Jane Addams to withdraw "the representative of Hull House" from the labor troubles centering around a Randolph street restaurant, were made tonight by representatives of many downtown business houses. By representative of Hull House the men referred to Miss Ellen Gates Starr, one of the founders of the Hull House, who was arrested Monday while with the pickets in front of the restaurant. The meeting was presided over by R. J. H. Thornton, vice-president of Montgomery, Ward & Co., and the resolution was introduced by John T. Pirie, of Carson, Pirie, Scott & Co. The resolutions called upon Mayor Harrison to take immediate steps to end disturbances due to crowds gathering to watch the policemen struggle with pickets.

While the courts were being petitioned to settle the differences between the waitresses and the restaurant keepers, twelve more young women were arrested by the police in front of the Randolph street restaurant. Among the twelve was Lena Rushon of Elgin, vice president of the waitresses union. The arrests were made in a crowd which blocked the side walks and a part of the street.

GIVES NATIONAL PRIMARY LAW AS REMEDY FOR PARTY DANGERS

Senator Sherman Advocates Bill to Recognize State Primary Law for Selection of Delegates to National Conventions.

Washington, March 5.—Advocating his bill to recognize state primary laws for selection of delegates to national conventions and the election of national committee members, Senator Sherman, Republican of Iowa, today declared a national primary law was the remedy for party dangers. He assailed the proposal for a nation-wide presidential primary on the ground that it would result in a few states absolutely controlling presidential nominations. The methods of the Republican national convention can be justified by an appeal to neither fairness nor justice, he said.

"Shall the quarrel of alleged leaders disrupt and destroy the union of eight million voters? It is the national committee the party?"

"The Republican national committee cannot change the basis of representation. The recognition by an act of congress of the several primary laws of the states will guarantee protection against future controversy. The Republican party ought not to perish. Conciliation by reasonable concession ought to be the basis of adjustment."

PLAN TO RECOGNIZE NOTABLE ACHIEVEMENTS OF MODERN WOMEN

CHICAGO, March 5.—A plan for recognition in America of notable achievements of modern women by the bestowal of prizes similar to the Nobel prizes was outlined today by the Chicago Women's association of Commerce. The plan will be submitted for action next June when the biennial convention of the general federation of women's clubs will be held here.

"Our object will be, not only to give women proper recognition for her work, but to provide means to devote her entire attention to it," said Miss Florence King, president of the women's association. "We believe that women have no less initiative than men, and should be recognized."

EMPLOYMENT OF FORTY COOKS IN YEAR CAUSES WOMAN'S DEATH

ANNAPOLIS, Md., March 5.—Employment of forty cooks within a year caused a matron of Baltimore to succumb to nervous prostration after vainly trying to cope with the servant problem, according to a member of a delegation from the Daughters of the American Revolution, which appeared today before the senate judiciary committee to urge the passage of a bill compelling domestic servants to register and enter into enforceable contracts with house-keepers.

MAKES KNOWN RESULT OF ROCK ISLAND PROBE

COMPANY WILL NEED TWENTY MILLION DOLLARS BY JULY 1

Management Is Now Applying For a \$7,500,000 Loan But Even Then There Will Remain \$4,500,000 to Be Provided For.

New York, March 5.—In a detailed report of the bond holders protection committee, T. M. Schumacher, chairman of the Chicago, Rock Island and Pacific railroad company, today made known the result of his recent investigation of the Rock Island land lines, including their present cash needs and future requirements.

Mr. Schumacher estimates that not less than twenty million dollars will be required by July 1st, next, to meet bonds and trust certificates maturing, floating indebtedness, including \$1,500,000 due the railroad company and interest payments together with many other pressing obligations. He estimates that cash on hand and net earnings for the period will aggregate \$8,000,000 and the management is now applying for permission to make a short term loan for \$7,500,000 against securities in the company's treasury.

It is believed that such a loan can be secured but there will then remain \$4,500,000 to be provided between now and July 1st, 1914.

No provision is made for the payment of the dividend due May 1st, 1914, on the stock of the Chicago, Rock Island and Pacific railroad company held as collateral for the four per cent bonds of the Chicago, Rock Island and Pacific railroad company, due 2002 and in the judgment of management this dividend should not be paid according to Mr. Schumacher. The estimated total requirements for the next five years are given in the report as not less than \$50,000,000 including betterments and maturing car trust certificates of \$12,000,000.

Against these requirements the company now has treasury bonds of \$15,000,000 and will receive in five years at the rate of \$3,500,000 annually, \$17,500,000 of four per cent refunding mortgage bonds. These securities the report says, should have a good market if the credit of the company can be re-established.

The company's other needs are gone into at length, including the obligations of the operating (the Illinois corporation) which is responsible for \$266,000,000 of the outstanding bonds.

Mr. Schumacher's final conclusions are: "Unless some plan can be devised which has a good prospect of accomplishing these results and which is fair to all classes of security holders, including the four percentage bonds represented by your committee, the management that I represent will feel it inadvisable to continue in charge of the property."

"If the expenditures indicated above are made and a fair plan of organization can be devised which will provide the necessary funds as needed, we have great confidence that the property will produce satisfactory results and that in time substantial dividends can be resumed on a proper stock capital and the interests of all be fully conceived."

BEGIN DEFENSE OF CHARGES AGAINST CHICAGO BOARD OF TRADE

Counsel For Board Tells Committee That Organizations Could Not Be Involved in Any Grain Monopoly.

Washington, D. C., March 5.—Defense of the Chicago Board of Trade and the Minneapolis City and County Commerce against charges that they have conspired to combine their controlling the price of wheat in the United States, began today before the house rules committee.

Henry S. Robbins, counsel for the Chicago board, told the committee the organizations could not be involved in any grain monopoly, because they were not engaged as organizations in commercial enterprises. He declared the exchanges merely provided places and means of trading, but took no part in the deals.

Mr. Robbins argued that congress had no power to conduct the investigation asked in Manahan's pending resolution to gather information on which prosecutions under the Sherman law by the department of justice might be based. The department, he said, already was efficient enough, and state laws covered any points in the complaint of farmers' organizations not to be reached by the Sherman act.

CHICAGO POLICE WOMEN START SEARCH FOR KANSAS CITY BABY

CHICAGO, Ill., March 5.—Two police women started today to search for a Kansas City baby, believed to be in an orphan asylum here. The commission was given to them after word had been received by the chief of police that Mrs. Maude Beeman, 1017 Cherry street, Kansas City, was unable to find trace of her three months old infant, which had been placed in a Chicago asylum. According to the message, the institution had first sought to find Mrs. Beeman, but when she received word that her baby was in Chicago, the letter bearing the name of the orphanage had been lost.

CITY TO HAVE SOME BOULEVARD LAMPS

INSTALLATION OF SYSTEM BY GENERAL TAXATION IS URGED.

Municipal Plant Will Furnish Current for Lamps in Business or Resident District Where Property Owners Will Install Equipment For Not Less Than a Block—Tentative Arrangements Already Completed For Several Blocks.

It seems likely that Jacksonville will have a boulevard lighting system paid for by private subscription or by general taxation. During recent weeks a number of citizens have continually importuned Mayor Davis and other members of the board of public improvements to take the necessary steps to provide a boulevard system for the business district to be paid for by general taxation.

Under the public improvement act it would be possible for the city to proceed in the building of such a system and provide for the payment of the cost by the issuance of bonds payable in ten year instalments. The legal routine to provide for such an improvement would be the same as that followed in the case of paving or sewer work. The members of the public improvement board have given the matter some consideration and are fully advised as to their authority. However it is not likely that for the present at least any steps will be taken to force a general improvement of this kind by taxation as the board is contemplating quite a large amount of paving work for this season.

Talk of Whole System by Consent. Another reason why the board is likely to defer any such action is the fact that some merchants and property owners in the business district are already talking of the advisability of building such a system by general consent after having secured an agreement from the city to maintain and operate the system after its completion without cost to merchants or property owners. This plan was followed in Aurora and in some other cities. As a matter of fact the city authorities would be only too glad to enter into such an agreement and have expressed a willingness to maintain equipment and furnish current for boulevard lamps when installed, not less than one block at a time.

In other words to secure boulevard lights and have current from the city plant it is not necessary to plan for a whole system at one time and those most interested in any one block can get together and agree upon the purchase and installation of the necessary equipment. The movement is already taking some definite form and it is understood that for one block on South Sandy street an agreement of this kind has been

made and also for a block on West Court street. The movement, although in its infancy, has also spread to the residence district and one well known merchant who lives in the second ward has been the leader in a movement to secure boulevard lights for several blocks of the street on which he lives. Commission Brennan said yesterday that the estimated cost for cable, posts and construction work in the residence district is one dollar per running foot which would make possible the erection of a three lamp post every sixty feet.

In the business district a five light post would probably be more desirable and the construction work would be somewhat more expensive because the cable would have to be laid in all cases below the sidewalk or the street pavement. As previously mentioned the necessary work to change the present lighting system from two districts into four is already under way and will be completed within a few days. The principal advantage to the public at large by this change is that the lighting system of each ward can thus be operated independently and when there is any trouble in one ward it does not necessarily affect the lighting in another. The tungsten lamps installed several weeks ago in place of the old arcs have been giving splendid satisfaction and citizens who have been on the streets at night have been greatly impressed with the improvement.

More Tungsten Lights Soon. Only the fact that the weather has been so unfavorable has prevented the installation of the 200 additional hoods and lamps which have been stored at the city hall. A blue print on the wall of Mr. Brennan's office shows where the new lamps are to be placed and the work of cutting in for these lamps will be begun at once if pleasant weather continues. It will take longer however to install these lamps than it did for the first installment as they were easily attached at the points where the old arcs were removed. Within ten days or two weeks now the new boiler and the belted generator will be received and will be speedily placed in position.

Some additions to the boiler house must be made to provide for the new boiler and it will also make provision for additional coal storage. This will be of advantage at times like the present when it becomes advisable to store a few weeks' supply of fuel. The mines of Illinois will close first of April in all probability even if there is no strike among the miners and this makes it necessary for railroads and all industries which use coal in any large amount to store enough for their needs. With the present facilities at the city light plant all but enough fuel for a few days must be left along the railroad on which it is shipped or must be piled in the city lot adjoining the light plant and then conveyed in wheelbarrows to the boiler room as it is needed.

All the improvements which are contemplated for the light plant will require a number of months for their accomplishment but when completed the plant will be in a very much rejuvenated condition. New wires are needed all over the city and something in this line can be done but a lack of funds will prevent the extensive work which is desirable.

Reserve seats early this morning for the vaudeville show at the Grand tonight. The bill is one of the best ever seen at the Grand.

SOCIAL EVENTS.

Wednesday evening Miss Leta Megginson most pleasantly entertained the members of the Chanticleer club at her home a mile and a half east of Woodson. Music added to the social pleasures of the evening and refreshments were well enjoyed by all present.

The guests were Misses Lee Turley, Agnes Taylor, Lucille Megginson, Messrs. Alpha and George Megginson, Wilbert Fitzsimmons and Maurice Walsh.

Mrs. James Cridland was hostess Thursday evening to the Pleasant Hour club at her home on South Diamond street. Mrs. Cridland had prepared an excellent program and it was successfully carried out and much enjoyed by all, while fine refreshments were another successful feature of the occasion. Miss Clark of Philadelphia was a guest. The next meeting will be with Miss Carrie Phillips on West State street.

A pleasant social hour was enjoyed by the young people of the Central Christian Endeavor society following the transaction of business at their March business meeting, held Thursday evening in the parlors of the church. At the business session attention was given to the anthropometric activities of the society and plans were made for a birthday social in the near future for members of the society whose natal day falls within January, February and March. Miss Edith Carlson, president of the society, was the chairman of the evening.

Miss Dorothy Lukeman, who resides five miles south of Alexander, was given a happy surprise last night. Four loads of young people went to her home where fried oysters with all the trimmings were enjoyed. It was an evening of rare pleasure.

IN NEW LOCATION.

Through a deal which was consummated Thursday, W. C. Howe, secured a lease on the room now occupied by the Woodman bakery, and will move his confectionery business there April 1. Mr. Howe has been in the Buckthorpe property on East State street for fifteen years.

BROTHERHOOD MEETING. The Grace Church Brotherhood will meet in the church parlors tonight at 8:30, where a banquet will be served following by several short talks.

ENGLISH AND AMERICAN SCHOOLS.

"A radical difference between English and American systems of school organization is in the relation of elementary and secondary schools," says I. L. Kandel of Manchester, England, in a bulletin on English elementary education just issued by the United States bureau of education. "The American high school receives its pupils after they have completed elementary school course and builds up its curriculum on that foundation. The English secondary schools receive their pupils from a variety of schools—special preparatory schools or elementary schools—and the pupils on entering may vary in age from 10 to 14."

In general Mr. Kandel finds it difficult to institute a detailed comparison of the standards of elementary school work in the two countries, because circumstances are so different. "The American elementary school has been for nearly a century the national school, the common school of all the people. In England the elementary school is just in the process of developing into a national institution, a public service for national needs, instead of being regarded as a charity school for the education of the 'lower classes'."

Another factor that renders comparison difficult, according to Mr. Kandel, is the inherent difference between the English and the American child. The latter, he declares, "is by nature more precocious, matures earlier, is by circumstances of his upbringing thrown more into the company of adults, with the consequence that he is less reserved and self conscious and more alert than the former."

"American children have a far better knowledge of the history of their country and in some cases of general history than is to be found among English elementary school children. The same is certainly true of their knowledge of local and national government. In English language the American child has better command of oral expression; he is more given to debating and discussing than the English child. The reading of English literature is also more extensive in American schools and in art work there is greater variety."

It is in the work of medical inspection and general welfare work that England's school system has recently made the most notable development, according to Mr. Kandel.

EMPLOYMENT AGENCIES ARE NOT POPULAR.

For some reason the state free employment agencies, operated under the state bureau of labor statistics, do not appear to be growing in popularity. In spite of the fact that hundreds of unemployed are wandering about the streets of the cities of the state, the number of those seeking employment in the free employment agencies is not nearly so large as it was a year ago.

In Chicago, where unemployed men have been forming mobs and by public demonstrations demanding work, which could not be given to them, the three state free employment bureaus each shows a marked decrease in the number of applicants now compared with a year ago. The same is true of the bureaus in Springfield and Peoria. The East St. Louis bureau is the only one which shows a gain, and the increase there is small. The other two bureaus maintained by the state, at Rockford and Rock Island, were established since the last general assembly adjourned.

Even counting the totals of Rockford and Rock Island bureaus into the general total, does not bring the number of applicants up to anything approaching those of the corresponding period a year ago.

No theory is advanced to explain the falling off. Whether it is due to laxity on the part of the superintendents named under the new administration or to a general distrust of the power of the bureaus to help them, is not explained.

WITH SICK PEOPLE.

Mrs. R. E. Henry, who has been ill for the past few weeks at her home on South Main street, was able to be at her place of business for the first time Thursday.

Mrs. Martha Happy on South Clay avenue, has been suffering some time with lagrippe and is recovering very slowly.

Herman Weber has been laid up with lagrippe, but is improving.

James Merwin of the Mullenix & Hamilton store is confined to his home with the gripe.

Eleanor Luttrell, daughter of William N. Luttrell of Franklin, is reported quite ill with double pneumonia.

RURAL AFFAIRS COMMITTEE DISMISSED VARIOUS PROPOSITIONS

Full Report Will Be Made at Meeting of Chamber of Commerce Directors Next Tuesday—Organization Among Farmers is Suggested—May Provide for Course of Lectures at Time of Chautauqua.

A meeting of the rural affairs committee of the Chamber of Commerce was held Thursday night at the Chamber of Commerce rooms. Chairman Frank Heintz, presiding. Other members of the committee are Dr. J. W. Hairgrove, Arthur M. Masters, W. E. Hall, Dr. E. I. Crouch and J. W. Walton.

At the meeting last night, at which various matters were introduced by Mr. Heintz as chairman, President J. J. Reeve was present to take part in the conference. Most of the subjects which were discussed in an informal way will be brought to the attention of the board of directors of the Chamber of Commerce at their meeting next Tuesday night. At that session also it is understood that President Reeve will make a statement outlining in a definite way something of what he thinks the Chamber of Commerce should and could accomplish during the year. Among other things mentioned last night by Mr. Heintz were the proposed city feed lot, a farmers school or conference to be held at the same time as the chautauqua, and an organization among the farmers of the county to work in connection with the rural affairs department.

Talk of Feed Lots.

Several locations for a feed lot have been proposed and at the coming meeting of the directors the locations will be mentioned and figures given as to the cost of equipping and maintaining a lot in proper form. There are various questions in connection with such a proposition which must be rightly settled if the plan is to result in any general benefit. A feed lot unless it is well located and has an attendant in charge does not have any very great degree of value or usefulness other than it does furnish evidence of a desire on the part of business men to do all in their power for the convenience and accommodation of the farmers who come to Jacksonville with teams and who expect to remain only a few hours.

The idea of a farmers' school or conference is in line with plans which have been followed out successfully in a number of agricultural communities where chautauquas have been held. The idea would be to secure well known agricultural specialists to give lectures or addresses at various hours during each day. The purpose would be to interest especially the younger farmers in scientific agriculture and the school would be wholly informal in the manner of operation. All lectures to be followed by general discussion. The only reason for proposing to hold such a school or institute at the time of the chautauqua is because it is likely that more farmers will be in the city at that time than will be true at any other period. The school would have no direct connection with the chautauqua but would be held on the same dates and possibly at the same location.

Luncheon for Farmers.

It is likely as a result of Mr. Heintz's suggestions that at some early date farmers will be asked to attend a luncheon here in Jacksonville and there discuss the feasibility of organizing an association of farmers to work in connection with the rural affairs committee. If this luncheon is held the invitations will be general and any farmer who is interested enough to talk about the proposition and to pay 25 cents for a meal ticket will be welcome. There are so many farm problems today and the need for scientific agriculture is becoming so generally acknowledged that it seems to be the time for the farmers and the city residents, both of whom are really dependent on the soil to get together and do all in their power to improve general conditions. If the suggested organization is perfected the work proposed will be of wide scope along such lines as are certain to interest farmers of all classes.

Another matter which Mr. Heintz mentioned is a conference which is to be held Friday, March 13th, relative to a transcontinental highway running from Colorado Springs to Indianapolis. The purpose of the meeting at Griggsville is to take some steps toward organizing to maintain and care for that portion of the proposed highway extending from Hannibal, Mo., to Springfield, Ill. It is possible that Mr. Heintz and Mr. Masters may go to Griggsville to attend this conference.

WOMEN BANQUET AT EXPENSE OF MEN

Outcome of Sunday School Contest of the Murrayville M. E. Church Occasion For Enjoyable Evening.

The ladies of the Murrayville M. E. church enjoyed a splendid supper Wednesday evening in the church parlors at the expense of the men of the church. The supper was the result of a contest in the Sunday school held last summer, to see who could secure the greatest number of pupils for the school, the loser agreeing to furnish the banquet. The slowness of the men in making good their agreement has been the occasion of no little merriment during these many weeks and the "jolly" became so acute that the men deemed it best to have the supper, which was certainly a pleasure to them, as was demonstrated before the evening closed.

After the splendid supper had been served the guests listened to a program, which was sprinkled with plenty of burlesque on the men for being so slow in holding the banquet. The Jubilee singers, in full dress composed of members of Prof. Dial's class, Harry Gunn, Ira Ranning, Orin Wright and T. Beadles gave a number of quartet selections which made quite a hit. The "Carlson Boys" gave a song which was written by Frank Sooy, the quartet being composed of Charles Short, Jesse Fuller, William Cook and Frank Sooy. The "Willing Workers," a class taught by Mrs. Amanda Kitcher, sang an original selection. There was a recitation by Miss Melinda McCarty, a reading by Miss Eleanor Crouse and an organ number by Miss Faye Kitcher. There were over 150 present and the members of Mr. Dial's class acted as waiters in a capable manner. Mr. and Mrs. W. W. Walker prepared the supper.

Go to the vaudeville show at the Grand tonight and you will agree that the bill is the kind you see in the big city theaters. Price, 10 cents, 20 cents and 30 cents.

HEINTZ BROS. PURCHASE DUEY FARM AT PISGAH.

Messrs. E. B. and O. B. Heintz, yesterday consummated a deal for the purchase of the Duey farm, located at Pisgah station, possession to be given at once. The farm comprises 350 acres, which is all of high quality and under cultivation. The house and other improvements too, are very substantial and the farm property is accounted one of the best in the county. The new owners have had exceptional training in soil and agricultural matters and will undoubtedly bring the land up to a high state of development.

**SHURTLEFF IS OUT
OF TOURNAMENT**

WITHDRAWS FROM PRELIMINARY MEET AT DECATUR.

Coach Harmon and Illinois Team Will Leave Today For Decatur With Good Chances of Getting Into the Finals—Will Play First Game Against Charleston Normal.

Shurtleff college has notified the management of the basketball tournament to be held in Decatur, commencing today that they will not send a team to compete. Their withdrawal at the eleventh hour has necessitated the calling of the coaches together for a conference this afternoon at 1 o'clock. Shurtleff's poor showing during the year is given as the cause of their action.

To Adjust Schedule.

According to the original schedule Lincoln drew a pass and McKendree was to play Shurtleff the second game of the meet this afternoon. Illinois college meeting Charleston Normal in the opening contest. If that kind of an arrangement is made that will mean that, if Illinois wins, she will play McKendree and if from that team, will go in the final bout, with Millikin, who will be matched with Wesleyan in the first game after supper tonight as Millikin is picked as a sure winner. This will mean that Illinois plays Saturday afternoon at 2:30 o'clock and again Saturday night.

Team Leaves This Morning.

Coach Harmon left with his team this morning over the Wabash at 8:25. He is taking with him Gary, Frisbie, Atchison, Stewart, Pierce, Alexander and Harmon. Laughlin, the regular forward, contracted the mumps three days ago and will be out of the meet and perhaps the finals as mumps generally run about ten days. Coach Harmon stated last night that his men were in good condition and he expected to be able to get in the finals a week from the preliminary.

Entries For Tournament.

The northern tournament will be held today and tomorrow in Bloomington. The other entries for the Decatur meet are as follows:

Millikin—E. King, J. Kick, Walraven, D. Brown, L. Brown, Reed, Miller, Acker, Catlin, Cannon, Hansen, Dickerson, Hessler.
McKendree—Ebbler, Harmon, Smiley, Will, Balenstine, Moore, Loy, Pfeffer, Friedli.
Illinois Wesleyan—Young, Rust, Hart, Elliott, King, Smith, Bush, Hudson, Dunham, Ehresman, Barnhardt, Walrab, Schrock.

Lincoln—Williamson, Taylor, Perry, Gale, Kirov, Morry, Davis, Parker, McGough, Curry, Kinsell, Ryan, Nutter.
Eastern Normal—McIntyre, M. Hampton, Helm, Cook, A. Hampton, Richmond, Gordon, Harris, Randolph.

**MICHIGAN NATIONAL GUARD
PRESENTS WITNESSES AT PROBE**

HOUGHTON, Mich., March 5.—The Michigan National guard presented witnesses today before the congressional committee investigating the Michigan copper strike to prove that the conduct of the militiamen stationed in the strike zone had been good.

Residents from various parts of the copper country told the committee the conduct of the guardsmen in general had been excellent.

Specific charges against the militiamen will be taken up at the Chicago hearing.

Workmen imported by the mining companies to take the place of strikers told the committee they came here of their own volition and remained because they liked the work.

**TWO HYDRO-AEROPLANE RACES
WILL BE ON PROGRAM AT PEORIA**

CHICAGO, March 5.—Two hydro-aeroplane races will be on the program of the regatta of the Mississippi power boat association at Peoria on July 2nd to 4th. It was decided today at a meeting of the executive committee. According to President C. P. Hanley, the decision is in line with the growing demand for air boats. Three aeroplane companies have announced they will compete in the races and Harold F. McCormick may be an entrant.

LUTHERAN LADIES MEET.

Mrs. Elizabeth Hoffman entertained the members of the Lutheran Ladies Aid Society Thursday afternoon at her home, 720 East State street. After the greater part of the afternoon had been spent in work on a quilt, the guests were treated by the hostess to some delightful refreshments.

INDICT TWO JUDGES.

Kansas City, Mo., March 5.—Judge Hugh C. Gilbert, residing judge of the Jackson county court and E. E. Anline, a former judge were indicted today on charges of malfeasance in office.

The indictments were based on the payment in 1911 of \$23,000 to a construction company for work in connection with construction of the county poor farm.

EXPLAINS PLANS TO STUDENTS.

Cambridge, Mass., March 5.—War department plans for military camps of instruction for college students were described to the Harvard undergraduates today by Major Leonard Wood. He said the government hoped eventually to have at least seven thousand college men under instruction in various parts of the country.

W. C. T. U. PRAYER MEETING.

The members of the W. C. T. U. will hold a cottage prayer meeting at 2:30 this afternoon with Mrs. Mary Blunt, 507 South Prairie street.

**DEBATE ON WOMAN SUFFRAGE
CONTINUES WITHOUT FINAL VOTE**

WASHINGTON, March 5.—Debate on woman suffrage continued in the senate today without the expected final vote on the proposed constitutional amendment being reached. Late in the day many senators were missing from their seats and lack of a quorum prevented a vote on an amendment to the pending resolution submitted by Senator Vandaman.

"Our women," the Mississippi senator had declared, "will not go the polls to vote in competition with a race congenitally, ternally, radical, unalterably, unfit to perform the supreme function of citizenship." He said he would support the resolution if congress repealed the fifteenth amendment and modified the fourteenth amendment and to this end he offered his amendment to the resolution.

WILL UNVEIL TABLET

MONDAY, MARCH, 9TH

Monday, March 9th, has been set for the unveiling of the tablet in memory of the Revolutionary soldiers buried in Morgan county which has been placed on the court house by the Rev. Caldwell Chapter, Daughters of the American Revolution. The exercises will be held in the circuit court room at 3:30 o'clock and a large number will, it is hoped be present. The date of the unveiling was set first for Feb. 23, but was changed on account of inclement weather. A strong program has been prepared by the executive committee and the citizens of Jacksonville should not let pass this opportunity to pay respect to the memory of these departed heroes of the American Revolution.

CUBS BEAT RAMBLERS.

The Centenary Cubs were victorious over the Christian church Ramblers in a hard fought basketball battle at the Y. M. C. A. Wednesday evening. The score at the finish stood 7 to 6 in favor of the Cubs but the entire game was a close one and one team was ahead at one moment and the other at the next. The Cubs belong to the Sunday school class taught by Fred Darr. The Ramblers are from the class of George T. Douglas of Central Christian church.

Good and Bad Books

BY WALT MASON

The book stores groan beneath the weight of books in jackets gay; they're mostly perishable freight that flourish for a day; there's mostly books by Oppenheim, or tales that treat of sex, excursions in the world of crime, among the moral wrecks the pulchritude we say: "Great Caesar and gadzooks! Why don't you get a hump on, pray, and publish decent books?" They make reply: "We shall be glad when you yourself have chased! We publish volumes, punk and bad, to suit the public taste. Just let the people show a wish for helpful books and fine, and we will issue tomes, odds, fish, with truth in every line!" They'd have us think the people yearn for tales of bawds and thieves, for books so hot they fairly burn the hands that turn the leaves. But when a great book arrives, a wholesome book and strong, booksellers have to draft their wives to wait upon the throng. Do people clamor for the muck and pass the good books up. Let Winston Churchill tell what struck him "Inside of the Cup." There is a book that's clean and sane, a book with moral grand, and dealers rustled round in vain to meet the big demand. Folks buy the sloppy, trashy tales in carload lots, indeed, because (as many a buyer wails) there's little else to read.

Galesburg Mail: Notices were posted in this city recently that hereafter the law against selling cigars and tobacco to boys under illegal age would be strictly enforced. In Rockford the ordinances against the sale of cigars are much more stringent than they are in Galesburg. For six years there has been an ordinance prohibiting the sale of cigars entirely in Rockford. An effort was made this week to defeat this ordinance by the passage of an ordinance, distance licensing the sale of cigars, but this was defeated by a vote of 10 to 5 by the Rockford council. Tobacco dealers of Rockford are now going to try to defeat the constitutionality of the ordinance by carrying up a test case to the higher courts. The outcome of the fight in Rockford will be followed with interest by other cities.

WILSON PLEADS FOR REPEAL OF PROVISION

WANTS AMERICAN COAST-WISE SHIPPING INCLUDED IN TOLLS

Says Exemption is Considered Violation of Hay-Pauncefote Treaty Everywhere Excepting in the United States—There Seems Little Doubt But What Request Will be Granted.

Washington, March 5.—President Wilson went to congress today and pleaded for repeal of the provision of the Panama canal act which exempts American coast-wise shipping from tolls. He tersely asserted that his reason for asking the repeal, was everywhere except in the United States the tolls exemption was regarded as a violation of the Hay-Pauncefote treaty and he further asked it in support of the administration's general foreign policy. That the president's request will be granted, despite the fact that there will be vigorous opposition to the repeal both in the senate and in the house. Aside from the bearing of today's message on the Panama tolls question some of the phrases used by the president attracted widespread comment in congressional quarters as relating the foreign relations in general. In some quarters there was a disposition to regard some of his statements in the nature of a warning on the difficulties involved in "other matters of even greater delicacy and nearer consequence."

President Explains Phrases.
Later in the day the president himself in talking with callers explained that these phrases had no significance beyond their bearing on the need of rigorous good faith in the Panama tolls question, as an evidence of unwavering good faith on all other questions.

Senator Shively, acting chairman of the foreign relations committee commenting, said tonight he was assured President Wilson's reference to "other matters meant all foreign matters confronting the government."

"The administration has many foreign problems," he said, "and it is necessary that our foreign relations be readjusted. That is what I think the president had in mind."

When the house committee on interstate commerce meets tomorrow it is expected to favorably report the Sims bill to repeal the exemption clause. On the senate side a bill for that purpose was introduced last year by Senator Root of New York.

President Wilson personally appealed to congress, assembled in joint session today, to sustain the national honor of the United States, in upholding treaty obligations by repealing the Panama tolls exemption.

He asked congress to do that "in support of the foreign policy of the administration," and added that an exemption for American ships not only was a "mistaken economic policy," but was in contravention of the Hay-Pauncefote treaty.

"I shall not know how to deal with other matters of even greater delicacy and nearer consequence if you do not grant it to me in ungrudging measure," said the president.

"The large thing to do is the only thing we can afford to do: a voluntary withdrawal from a position everywhere questioned and misunderstood. We ought to reverse our action without raising the question whether we were right or wrong, and so once more deserve our reputation for generosity and the redemption of every obligation without quibble or hesitation."

Message Very Brief.
President Wilson's address, the shortest he has yet delivered to congress—exactly 420 words—was as follows:

"Gentlemen of the congress: I have come to you upon an errand which can be very briefly performed, but I beg that you will not measure its importance by the number of sentences in which I state it. No communication I have addressed to the congress carried with it greater or more far-reaching implications to the interest of the country, and I come now to speak upon a matter with regard to which I am charged in a peculiar degree, by the constitution itself with personal responsibility."

"I have come to ask for the repeal of that provision of the Panama canal act of August 24, 1912, which exempts vessels engaged in the coast-wise trade of the United States from payment of tolls, and to urge upon you the justice, the wisdom and the large policy of such a repeal."

"The utmost earnestness of which I am capable."

"Mistaken Economic Problem.
In my own judgement, very fully considered and maturely formed, that exemption constitutes a mistaken economic policy from every point of view, and is moreover in plain contravention of the treaty with Great Britain concerning the canal concluded on November 18, 1901. But I have not come to you to urge my personal views. I have come to state to you a fact and a situation. Whatever may be our own differences of opinion concerning this much debated measure, its meaning is not debated outside the United States. Everywhere else the language of the treaty is given but one interpretation, and that interpretation precludes the exemption I am asking you to repeal. We consented to the treaty: Its language we accepted, if we do not originate it, and we are too big, too powerful, too self-respecting a nation to interpret with too strained or refined a reading the words of our own promises just because we have power enough to give us leave to read them as we please. The large thing to do is the only thing we can

afford to do, a voluntary withdrawal from a position everywhere questioned and misunderstood. We ought to reverse our action without raising the question whether we were right or wrong, and so once more deserve our reputation for generosity and the redemption of every obligation without quibble or hesitation."

Disputed Question for Two Years.
The Panama tolls question has been a subject of dispute for nearly two years. Diplomatic correspondence between Great Britain and the United States found the question unsettled when President Taft left office. Except for an assurance to James Bryce, then British ambassador, when he left the United States a year ago, that the question would be taken up in the regular session of congress, President Wilson has never directed any official communication to England on the tolls question. The president recently told callers he had never discussed the matter formally or informally with the British ambassador here, Sir Cecil Spring-Rice, because he believed the obligation on the part of the United States to repeal the exemption clause was one which this government itself should realize without outside influence or pressure.

Administration leaders in both house and senate have assured the president that with the delivery of a message by him, showing that international circumstances had arisen since the measure was last debated, the president's suggestion for repeal would be met with prompt action.

The Springfield Register notes the fact that C. H. Spaulding, brother of city Commissioner Willis A. Spaulding, has been appointed analytical chemist for the government in the canal zone. The young gentleman is a graduate of the University of Illinois and since graduating has been doing special work at the institution in water analysis being at the same time connected with the state water survey. The gentleman has in this place two sisters, Miss Ruth E. Spaulding and Mrs. Frank H. Bode. His friends will be pleased to hear of his appointment.

ATTORNEY GENERAL GIVES POINTS ON WOMAN'S SUFFRAGE

Mr. Lacey Clears Up Various Disputed Questions About the Law—Women Who Marry Aliens Lose Citizenship.

Attorney General Lacey of Springfield, is the author of a booklet in which a number of questions pertaining to the woman's suffrage law are disposed of. Here are some of his opinions:

Women may not serve as jurors. Foreign born women, who are otherwise qualified and who have married natural born or naturalized citizens of the United States, become citizens for voting purposes.

Foreign born women whose parents become naturalized after they have reached their majority are not citizens of the United States.

Foreign born women whose parents have become naturalized before such women reach their majority, are citizens of the United States.

A woman born in the United States of foreign parents, regardless of whether either of her parents were naturalized, is a citizen.

A woman citizen of the United States who marries an alien thereby forfeits her citizenship.

When registration is required, women shall register in the same manner as men voters.

The votes of women may be sworn in in the same manner as those of men voters.

Separate ballots and ballot boxes must be provided for women voters. The ballots for women voters need not be of any different color than that of other voters, or bear any distinguishing marks.

Ballots for women voters should only contain the names of candidates and the propositions for which they are entitled to vote under the provisions of the woman suffrage act.

The ballots cast by women should be canvassed with the other ballots cast at such election. It is not necessary that separate poll books and tally sheets be furnished the women voters. However, as a matter of convenience, it may be advisable to provide them.

In the absence of any statutory prohibition or requirement that a certain officer shall be a legal male voter, women, who are otherwise qualified, are eligible to hold any of the offices for which they are allowed to vote.

RAYS EXPLODE GUNPOWDER.

Paris, March 5.—The European naval powers are much interested in reports of the secret trial said to have been made recently at Florence of the invention of Signor Olivi, the discoverer of rays which explode gunpowder at a distance. According to the reports four torpedoes, two containing white and two containing black gunpowder, were submerged in the Arno river. On receiving a signal Signor Olivi, who was stationed on a tower of the Palazzo Capponi, started his apparatus, and within a minute all the torpedoes exploded. The Italian government has secured the invention.

INSPECT MOUNT ROYAL TUNNEL.

Montreal, March 5.—Numerous subjects relating to mining and metallurgical practice were discussed at the sessions of this, the second day of the annual meeting of the Canadian Mining Institute. This afternoon the visiting engineers were conducted on a tour of inspection through the new Mount Royal tunnel.

New Certification Law Will Affect 25,000 Teachers

The new certification law will apply to at least 25,000 teachers. It is very natural that these teachers should be deeply interested in its provisions as they relate to teachers now in service and to those who are to enter after the new law goes into effect. In order to answer many questions which are coming from county superintendents, city superintendents, and other school officers, a circular of information has been prepared by the state examining board. It is printed in the current issue of the Educational Press Bulletin and is given below:

No law in itself can make a bad teacher good or a good teacher bad. It can, however, establish those conditions which will stimulate both the poor teacher and the good teacher to become better. It may, by recognizing and placing a premium upon preparation, determine very largely the academic and professional training of those who shall hereafter enter the teaching profession. According to the Bulletin it is believed by those who have made a thorough study of the new certification law that it does so recognize and does so place such a premium upon thorough preparation as to induce those who are seeking to become teachers to prepare themselves thoroughly for entrance into the profession. It is also believed that the new law offers the best incentives and inducements for professional growth after one becomes a teacher. No doubt the law will reveal certain imperfections in its provisions. These can be removed by subsequent amendment.

County Certificates.

1. When does the new law go into effect? Answer: July 1, 1914.

2. After that date, upon what legal conditions may one be authorized to teach or to receive for teaching any part of the public funds?

Answer: One must be at least 18 years of age and must hold at the time of employment a certificate, as provided in the new law.

3. Will a county certificate acquired under the old law satisfy these conditions?

Answer: No. County certificates issued under the old law must be exchanged for county certificates under the new law, as provided in section 11 or by rule of the examining board.

4. What conditions of exchange are provided by the law?

Answer: 1. A valid first grade county certificate may be exchanged—

(a) for a first grade elementary certificate.

(b) for a high school certificate.

(c) for a supervisory certificate.

(d) A second grade county certificate may be exchanged—

(a) for a second grade elementary certificate (section 11).

(b) for kindergarten-primary certificate (rule of examining board.)

(c) A special certificate may be exchanged for a special certificate.

5. Who is authorized by law to make these exchanges?

Answer: All exchanges must be made with the approval of the county superintendent in whose county the last year of teaching was done. (Section 11.)

6. May a county superintendent refuse to approve a particular exchange?

Answer: Yes. He may refuse upon the same ground that would justify him in refusing to renew a certificate.

7. When must these exchanges be made?

Answer: All teachers holding certificates exchangeable under the provisions of section 11 of the new law should have the same in the hands of the county superintendent before July 1st, so that that exchange may be made on July 1, 1914.

8. What fees must be paid?

Answer: Every applicant for a county certificate must pay a fee of one dollar for each examination. All fees thus collected are turned into the county teachers' institute fund. No fee is required for the exchange, but every certificate must be registered annually and a fee of one dollar be paid. (Section 13.)

9. In what county must the certificate be registered and the registration fees be paid?

Answer: In the county where the teacher intends to teach.

10. Must the registration fee be paid if the holder does not teach?

Answer: Yes, if he wishes to keep his certificate valid.

Examinations Under the New Law.

11. When, where, and by whom will the examinations be held?

Answer: Examinations for county certificates will be held at the various county seats on the same day and shall be conducted by the county superintendents under rules of the examining board. The dates set for the first three examinations are: July 16 and 17, 1914; November 12 and 13, 1914; May 6 and 7, 1915.

12. Who prepares the questions and grades the papers?

Answer: The examining board will prepare uniform questions for all counties, will receive and grade all papers, and will send the grades to the county superintendents.

13. Who issues the certificate?

Answer: The county superintendent issues the certificate of the kind designated to each applicant in the county who has passed the examination.

14. May he refuse to issue the certificate if the applicant has passed the scholarship test?

Answer: Yes, if in his judgment the personality of such applicant and his general qualifications, other than scholarship, disqualify him for the work which the certificate would authorize him to perform. (Section 8.)

15. If a candidate fails to make the grades necessary to secure the certificate applied for, may he receive a certificate of lower grade?

Answer: Yes; under the rules of

the examining board provisions may be made for granting a certificate of lower grade than the one applied for when so requested by the applicant.

16. May an applicant write in one county when he desires his certificate issued in another county?

Answer: Yes. An applicant may write in one county and apply for a certificate in another county. (Section 18.)

17. When he writes in one county and receives his certificate in another, must he pay a fee in both counties?

Answer: Yes.

18. What kinds of certificates are provided under the new law and upon what conditions may they be secured through written examinations?

Answer: The kinds of certificates, their validity, and the conditions and requirements for securing them through written examinations are as follows:

First—A third grade elementary school certificate, valid for one year in the first eight grades of the common schools in the county in which it is issued and in no other county. This certificate shall be renewable once only and on evidence satisfactory to the county superintendent of three months successful teaching or six weeks' professional training. Applicants for this certificate shall be examined in orthography, civics, Illinois history, physiology, penmanship, reading, grammar, geography, United States history, arithmetic, and the principles and methods of the state course of study. This certificate shall not be issued the second time to the same person.

Second—A second grade elementary school certificate valid for two years in the first eight grades of the common schools of the county in the ninth and tenth grades when endorsed for the same by the county superintendent. This certificate shall be renewable on evidence of satisfactory to the county superintendent of six months' successful teaching or twelve weeks' professional training, and a second time if in the period following the date of issue the holder shall have acquired eighteen weeks' professional training in any recognized school providing such training. The applicant for this certificate shall be examined in orthography, civics, Illinois history, physiology, penmanship, reading, grammar, geography, United States history, arithmetic, elementary science, pedagogy, and the principles and methods of the state course of study.

Third—A first grade elementary school certificate, valid for three years in the first ten grades of the common schools of the county, and in the high school when endorsed for the same by the county superintendent. This certificate shall be renewable indefinitely for periods of three years, upon evidence of successful teaching and professional growth satisfactory to the county superintendent. The requirements for this form of certificate shall be: (1) Graduation from a recognized high school, or an equivalent preparation; (2) six months of successful teaching; and (3) an examination in orthography, including spelling, civics, Illinois history, physiology, penmanship, reading, grammar, geography, United States history, arithmetic, pedagogy, English, algebra, general history, and any three of the following natural sciences: Botany, zoology, physics, chemistry and physiology.

Fourth—A high school certificate, valid for three years in the high schools of the county. This certificate shall be renewable indefinitely for periods of three years on evidence of successful teaching or supervision and professional growth. The requirements for this form of certificate shall be: (1) Graduation from a recognized high school, or an equivalent preparation; (2) a certificate showing the completion of at least two years' successful work in any recognized higher institution of learning; and (3) an examination in English, pedagogy, and six high school subjects, three majors and three minors, chosen from a list prescribed by the examining board, hereinafter provided for.

Fifth—A supervisory certificate, valid for three years of supervisory work in any district and for teaching in the schools supervised by the holder. This certificate shall be renewable for three year periods on satisfactory evidence of successful teaching or supervision and of professional growth. The requirements for this certificate shall be: (1) Graduation from a recognized high school and at least two years' work in a recognized higher institution, one of which shall have been in a normal school, or an equivalent preparation; (2) two years' successful teaching or supervision; and (3) a successful examination in English, educational psychology, the history of education, and school administration.

Sixth—A kindergarten primary certificate, valid for two years in any kindergarten and in the first two grades of the common schools of the county, providing the kindergarten training school of which the applicant is a graduate gives adequate preparation for the first two grades of work. This certificate shall be renewable for two year periods on evidence of successful teaching satisfactory to the county superintendent. The requirements for this form of certificate shall be graduation from a recognized high school and from a recognized kindergarten training school, or the completion of an equivalent course; or in lieu of graduation from such training school, such examination in English, and the theory and practice of kindergarten and primary work as may be prescribed by the examining board.

Seventh—A special certificate, valid for two years in the common schools of the county, renewable for two year periods. Such certificate shall be issued in music, drawing, agriculture, manual training, domestic science, domestic art, physical training, penmanship, bookkeeping, German and such other subjects as may be added by the examining board and shall authorize the holder to teach only the subject or subjects named in the certificate. The requirements for this form of certificate shall be graduation from a recognized high school, or an equivalent preparation, and a certificate showing the completion in a recognized higher institution of learning or at least two years' special training, and an examination in English and the principles and methods of teaching, and satisfactory evidence that the applicant has taught or can teach such subjects successfully.

19. What certificates may be issued without an examination and under what conditions?

Answer: (a) A first grade elementary certificate shall be issued to graduates of a recognized normal school or from an institution offering an equivalent preparation, provided that the applicant has had one year of successful practice teaching and applies for the certificate within three years after graduation.

(b) At the option of the county superintendent, a second grade elementary certificate may be issued without examination to persons who have completed the junior year's work in a recognized normal school or its equivalent.

(c) At the option of the county superintendent, a third grade elementary certificate may be issued without examination to persons who have successfully completed two years of the four year course in a recognized normal school or one year of such work if the applicant is a graduate of the tenth grade.

(d) At the option of the county superintendent, a high school certificate may be issued without examination to graduates of a recognized normal school, college or university, who presents certificated credits in English, pedagogy, and six high school subjects chosen from a list published by the examining board and accompanied by faculty recommendations of ability to teach in the high school.

(e) A kindergarten primary certificate may be issued without examination to persons who are graduates from a recognized high school and from a recognized kindergarten training school, or the completion of a equivalent course.

Validity of Certificates.

20. What certificates have validity in other counties than the county of issue?

Answer: A first and second grade elementary school certificate, a high school certificate, a supervisory certificate, a kindergarten-primary certificate, or a special certificate shall be valid in the county of issue, and in any county of the state when endorsed by the county superintendent

General Felix Diaz In America On Important but Secret Mission.

Photo copyright, 1914, by American Press Association.

With the arrival of General Felix Diaz in the United States interest was attached to his movements. The nephew of the former dictator of Mexico landed in New York just a year after the ten day battle in Mexico City which he led against President Madero and which resulted in Madero's overthrow and the sudden launching of the Huerta regime. It was reported that Diaz was in America to strengthen his finances until such time as it was safe for him to return to his native land. He kept his motive secret. He is shown in the picture on the left with his secretary.

Seventh—A special certificate, valid for two years in the common schools of the county, renewable for two year periods. Such certificate shall be issued in music, drawing, agriculture, manual training, domestic science, domestic art, physical training, penmanship, bookkeeping, German and such other subjects as may be added by the examining board and shall authorize the holder to teach only the subject or subjects named in the certificate. The requirements for this form of certificate shall be graduation from a recognized high school, or an equivalent preparation, and a certificate showing the completion in a recognized higher institution of learning or at least two years' special training, and an examination in English and the principles and methods of teaching, and satisfactory evidence that the applicant has taught or can teach such subjects successfully.

19. What certificates may be issued without an examination and under what conditions?

Answer: (a) A first grade elementary certificate shall be issued to graduates of a recognized normal school or from an institution offering an equivalent preparation, provided that the applicant has had one year of successful practice teaching and applies for the certificate within three years after graduation.

(b) At the option of the county superintendent, a second grade elementary certificate may be issued without examination to persons who have completed the junior year's work in a recognized normal school or its equivalent.

(c) At the option of the county superintendent, a third grade elementary certificate may be issued without examination to persons who have successfully completed two years of the four year course in a recognized normal school or one year of such work if the applicant is a graduate of the tenth grade.

(d) At the option of the county superintendent, a high school certificate may be issued without examination to graduates of a recognized normal school, college or university, who presents certificated credits in English, pedagogy, and six high school subjects chosen from a list published by the examining board and accompanied by faculty recommendations of ability to teach in the high school.

(e) A kindergarten primary certificate may be issued without examination to persons who are graduates from a recognized high school and from a recognized kindergarten training school, or the completion of a equivalent course.

Validity of Certificates.

20. What certificates have validity in other counties than the county of issue?

Answer: A first and second grade elementary school certificate, a high school certificate, a supervisory certificate, a kindergarten-primary certificate, or a special certificate shall be valid in the county of issue, and in any county of the state when endorsed by the county superintendent

21. What evidence must the holder of such certificate present to secure its endorsement?

Answer: Evidence of successful teaching, certified by the county superintendent in whose county the teaching has been done. (Section 9.)

22. Upon what grounds may the county superintendent refuse to endorse such certificates?

Answer: Upon evidence that the holder is not a successful teacher or that his character is such as to disqualify him.

23. What do the several certificates authorize the holder to do?

Answer: (a) The third grade elementary certificate authorizes the holder to teach in the first eight grades of the common schools.

(b) The second grade elementary certificate authorizes the holder to teach in the first eight grades of the common schools and in the ninth and tenth grades when endorsed for the same by the county superintendent.

(c) The first grade elementary certificate authorizes the holder to teach and supervise in the first ten grades of the common school and in the high school when endorsed for the same by the county superintendent. (Section 7.)

(d) The high school certificate authorizes the holder to teach and supervise (Rule of the board) in the high school.

(e) The supervisory certificate authorizes the holder to supervise a system or any part of a system of schools and to teach in the same.

(f) The kindergarten-primary certificate authorizes the holder to teach or supervise in a kindergarten and in the first two grades in the common schools.

(g) The special certificate authorizes the holder to teach or supervise the teaching of the subjects named in the certificate.

24. When is a supervisory certificate necessary?

Answer: When a teacher is employed to spend one-half or more of his time in supervising an entire system of schools.

WEALTH OF HAIR

Parisian Sage Makes Thin Lifeless Hair Soft and Abundant.

Beautiful hair, fluffy, lustrous, abundant and free from dandruff, is one of woman's greatest charms—it's her main delight—yet so many of the fair sex have streaked, thin and lifeless hair, and think there is no remedy. Beautiful hair is largely a matter of attention. Parisian Sage frequently applied and well rubbed into the scalp works wonders. Try it today, and you will be surprised with the result—not only will the hair become abundant, soft, fluffy, radiant with life, but really doubly beautiful.

Parisian Sage supplies hair and scalp needs. It surely removes dandruff with one application stops itching head and cleanses the hair of all dirt and excessive oil.

All drug and toilet counters sell Parisian Sage in fifty-cent bottles. Look for the trade mark—"The Girl with the Auburn Hair." Try at least one bottle from Coover and Shreve. They will refund the money of you are not satisfied.—Adv.

BEST LAXATIVE FOR BOWELS—"CASCARETS"

They Clean Liver, Sweeten Stomach, End Sick Headache, Bad Breath, Indigestion, Constipation.

Get at 10-cent box. Are you keeping your bowels, liver, and stomach clean, pure and fresh with Cascarets, or merely forcing a passageway every few days with Salts, Cathartic Pills, Castor Oil or Purgative Waters?

Stop having a bowel wash-day. Let Cascarets thoroughly cleanse and regulate the stomach, remove the sour and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will make you feel great by morning. They work while you sleep—never gripe, sick or cause any inconvenience, and cost only 10 cents a box from your druggist. Millions of men and women take a Cascaret now and then and never have Headache, Biliousness, Coated Tongue, Indigestion, Sour Stomach or Constipated Bowels. Cascarets belong in every household. Children just love to take them.

RHEUMA IS FREE FROM NARCOTICS

Relieves Rheumatism by Cleansing the Whole System of all Impurities.

Do not try to relieve Rheumatism by dosing the system with dangerous drugs. RHEUMA is free from all opiates and narcotics and cleanses the system in a natural but scientific manner. The dangerous "waste" is eradicated from the kidneys, bowels, liver and skin. RHEUMA costs only 50 cents at druggists everywhere.

"I was a great sufferer from Rheumatism for ten years. After two day's use of RHEUMA, I laid down my crutches and have since given them away. I am a well man."—J. R. Crocker, 614 Sumter St., Columbia, S. C.—Adv.

SERIOUS CATARRH

YIELDS TO HYOMEL

You Breathe It. Be wise in time and use Hyomel at the first symptom of catarrh, such as frequent head colds, constant sniffing, raising of mucus, or droppings in the throat. Do not let the disease become deep-seated and you are in danger of a serious if not fatal ailment.

There is no other treatment for catarrh, head colds, etc., like the Hyomel method, none as good, so easy and pleasant to use, or that gives such quick, sure and lasting relief. You breathe it—no stomach dosing. Your money refunded if you are not benefited.

Try Hyomel at once and see how quickly it clears the head, stops the sniffing, and banishes catarrh. Hyomel helps you to enjoy good health. All druggists sell it. Ask for the complete outfit—\$1.00.

"TIZ" draws out all the poisonous exudations which puff up the feet—the only remedy that does. Use "TIZ" and wear smaller shoes. Ah—how comfortable your feet will feel. "TIZ" is a delight. "TIZ" is harmless.

Get a 25 cent box of "TIZ" now at any druggist or department store. Don't suffer. Have good feet, glad feet, feet that never swell, never hurt, never get tired. A year's foot comfort guaranteed or money refunded.

Huerta's Soldiers on Way to Front; Great Cathedral In Mexico City.

President Huerta of Mexico is in sore straits to increase the strength of his army so that the advance of the rebels toward the capital can be effectively resisted. The illustration shows a detachment of federal soldiers marching through the streets of Mexico City to entrain for the defense of Torreon, now threatened by General Villa; also the great cathedral in Mexico City, which cost about \$3,000,000 to build. This edifice contains, among other treasures, an altar consisting of over a ton of solid silver, and fears are widely expressed as to what would occur to the property of the church if the rebels should gain control of the city.

NEGRO YOUTH ADMITS STEALING MAIL SACK CONTAINING CHECKS

Arrest of Boy Reveals Theft of Bag Which Contains Uncanceled Checks to the Amount of \$10,000.

Joliet, Ill., March 5.—The arrest of a negro youth here today charged with attempting to pass a check on a saloon keeper revealed to post-office authorities the theft of a mail sack containing \$10,000 in uncanceled checks. LeRoy Martin, the negro arrested is said to have admitted later to Samuel J. Killian, that he and Walter S. Scott, another negro, had stolen the sack from the railroad station at Lockport, Ill., last night.

When the check given the saloon keeper was presented the First National Bank of Joliet for payment today, bank officials recognized it as a check they had put into the mails. The postoffice department began an investigation and learned that a mail pouch thrown from the Chicago & Alton train at Lockport had never been received.

Martin was taken from an interurban car near Summit, Ill. He is declared to have confessed the theft of the sack and said he had thrown the rest of the checks from the car when he feared arrest.

A SUCCESSFUL MEETING CLOSED

WHAT WOULD YOU CONSIDER THE BEST KIDNEY AND BLADDER MEDICINE.

Surely the one that brings relief to the greatest number of sufferers from kidney and bladder troubles in the shortest possible time. FOLEY KIDNEY PILLS DO THIS. They are of the highest medicinal value and are absolutely a pure medicine. They are made to reach every phase of kidney and bladder trouble, and to drive out of the system the ills that result from weak inactive kidneys and painful irregular bladder action. That is why they so quickly help you to get rid of pains in back and sides, backache, weak back, rheumatism, swollen aching joints and sore kidneys. Sleeplessness, nervousness, dull headaches, loss of appetite and urinary irregularities are all signs of kidney disorder, and you can not get anywhere a medicine that will help you so quickly and surely as Foley Kidney Pills. A TOUR OF SCOTLAND.

Interesting Talk and Reading by Miss Frances English.

Yesterday afternoon an interested audience at the public library had the privilege of hearing a talk on Bonnie Scotland and of reading of selections from Robert Burns by one who had been there twice and whose parents were both born in Glasgow. Nearly all in this vicinity are aware of the fine elocutionary talent possessed by Miss Frances English and on this occasion she was at her best.

The young lady has twice visited the birthplace of her parents and on both occasions took great pains to note all she could regarding the land of Wallace, Scott, Burns and a host of persons whose names are so intimately associated with the romantic land. In vivid language she described the little village of Ayr and the humble home in which the poet Burns first saw the light of day. She told of the thatched cottage, the humble dwelling under whose roof both man and beast found shelter. She made her audience see the little stream across which the poet and his Highland Mary alighted their troth holding a bible between them as he was about to leave on a long journey.

The aud brig o' Doon over which Tain O'Shanter took his swift ride escaping the witch was made to stand out as if before the eyes of the hearers while many other characteristics of the people were mentioned. The young lady told of the peculiar custom, not speaking when meeting on the highway. She did it once when in the country and the person addressed hardly knew how to take it but doffed his hat after he had gotten past her but when he met her next day he found she was from America probably, and was prompt to acknowledge her salute. Many other customs and incidents were graphically narrated and all were interspersed with readings from Burns and while a native of this country the young lady readily adapted herself to the dialect of the far away land of her parents.

The crowning number was a reading of Burns' masterpiece, "The Cotter's Saturday Night" and it was admirably done. The whole program was very enjoyable and reflected much credit on the talented young lady.

GEORGE SLOSSON 60 YEARS OLD.

New York, March 5.—George F. Slosson, the famous billiard expert, celebrated his 60th birthday anniversary today and was the recipient of a flood of congratulations from prominent devotees of the green table sport. With the late Frank Ives and Jacob Schaefer, Mr. Slosson formed the greatest trio of cue experts ever known to the sport in America. In his day Mr. Slosson held the championship title at every style of billiards except 3-cushion caroms, in which game he never competed for the championship. For several years he has not engaged in tournament play.

YOUR MODERN BATH ROOM

When you consider your own personal comfort and convenience and that of every other member of your household, just which particular room of your home means the most to you and your family? The bathroom, of course.

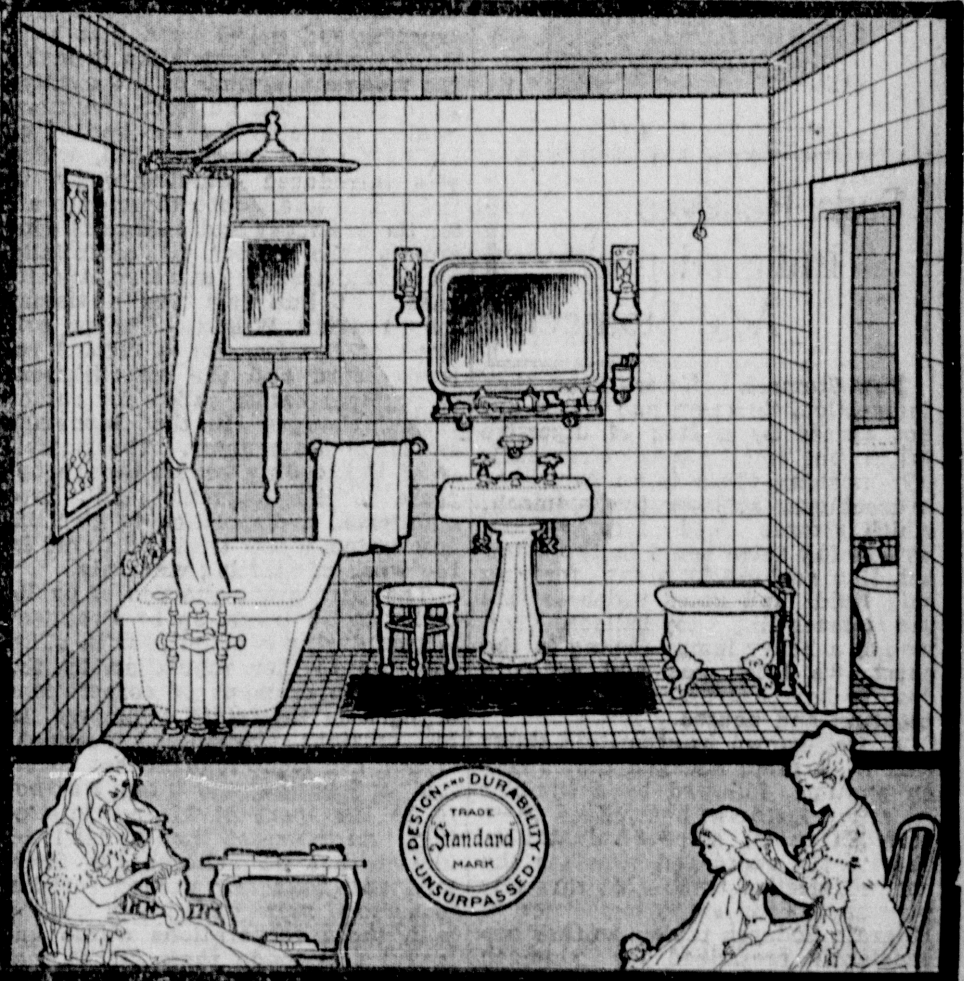

Isn't that sufficient reason for you to have it just right—just the way you want it?

If you do not take a personal interest in planning the bathroom for your new home, and select just the fixtures you want for it, isn't there a possibility that when completed, it might be a disappointment?

You can obviate any such possibility by making selection from our "Standard" Catalogue with its hundreds of designs for all purposes, requirements and tastes.

We can advise you upon all sanitary matters and aid you in planning wisely.

That Jar of Musterole On the Bath-Room Shelf

It's relieved pain for nearly every one in the family. When little Susie had the croup, when Johnny got his feet wet and caught cold, when father sprained his knee, when Granny's rheumatism bothered her—

That jar of MUSTEROLE was right there to give relief and comfort.

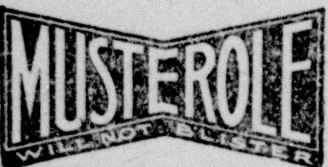

MUSTEROLE is a clean, white ointment, made with oil of mustard. It will not blister like a mustard plaster.

Quick relief for Sore Throat, Bronchitis, Tonsillitis, Croup, Stiff Neck, Asthma, Neuralgia, Headache, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of the Back or Joints, Sprains, Sore Muscles, Bruises, Chilblains, Frosted Feet, Colds on the Chest (it prevents Pneumonia.) Nothing like MUSTEROLE for croupy children.

In 25c jars and 50c jars, and a special large hospital size for \$2.50. Accept no substitute.

If your druggist cannot supply you, send 25c or 50c to the MUSTEROLE Company, Cleveland, Ohio, and we will mail you a jar, postage prepaid.

S. J. Buchanan, Lowellville, Ohio, says: "We have been using Musterole for two or three years past and find it very good. It is always in our medicine cupboard."

Soda Relieves Indigestion or Acid Stomach

Few Stomach sufferers know that indigestion, Sourness and Gases are not caused by a lack of digestive juices, but result always from acidity, meaning there is an excess of hydrochloric acid in the stomach, which retards food fermentation. Everything eaten sours in the stomach like garbage in a can, forming acid fluids and gases which inflate the stomach like a toy balloon. Then we get a heavy lumpy feeling in the chest, we belch gas and eructate food or have heartburn, water-brash, bloating and nausea.

A well-known authority states that a 10 grain Sodagen tablet taken anytime, followed by a tumbler of water instantly neutralizes these stomach acids; stops fermentation, absorbs the gases and sweetens the entire digestive tract. He says any pharmacist can supply a package of 10 grain Sodagen tablets as they are constantly prescribed for stomach acidity because of their harmlessness to the digestive organs, being composed of Soda, Calcium, Carbonate and Magnesia U. GIRLS! DRAW A MOIST CLOTH THROUGH HAIR

Try This! Hair Gets Thick, Glossy, Wavy and Beautiful at once—Stops Falling Out.

Immediate?—Yes! Certain?—That's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp; forever stopping itching and falling hair, but what will please you most will be after a few week's use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a 25 cent bottle of Keweenaw's Danderine from any drug store or toilet counter and just try it—Adv.

WHY 7,000 DRUGGISTS

Guarantee and Recommend Vinol. If any one should know the value of a medicine it is the retail druggist who sells it.

Therefore, when over seven thousand of the best retail druggists in the country recommend Vinol, our delicious cod liver and iron tonic, without oil, as the greatest tonic, reconstructer and strength creator they have ever sold, it must indicate the value of Vinol.

We could publish columns of such testimony as the following:

J. C. Brady, druggist of Fall River, Mass., says: "In cases where cod liver oil, emulsions and other tonics fail, Vinol will heal, strengthen and cure."

C. A. Potterfield, druggist, of Charleston, W. Va., says: "It is a pleasure to sell Vinol as it gives such universal satisfaction." Hunter & McGee, druggists, of Jackson, Miss., says: "We have great confidence in the strength creating and curative value of Vinol."

We ask every run-down, nervous, debilitated, aged or weak person or any person suffering from chronic coughs, colds or bronchitis, to try a bottle of Vinol with the understanding that their money will be returned if it does not do all we claim. Lee P. Allcott, Druggist, Jacksonville, Ill.—Adv.

WILSON ADMINISTRATION IS NOW ONE YEAR OLD

President Has Had a Busy Twelve Months, Various Questions of Importance Having Come Up for Consideration.

Washington, March 5.—President Wilson rounded out the first year of his term of office as chief executive of the nation. A glance backward over the twelve months that have passed since President Wilson was inaugurated March 4, 1913, shows that his administration has been unusually eventful and active. Seldom, except in time of war, has any president ever had so many things going on at the same time.

The revision of the tariff was the first notable achievement of the Wilson administration. Two weeks after he was inaugurated the president called an extra session of congress to revise the tariff. The session convened on April 7 and the Underwood tariff bill with the income tax was immediately introduced in the house. That body passed the measure on May 8 and on September 9 it was passed the senate. On the day of the passage of the bill by the senate President Wilson issued a public statement which very clearly identified the administration with the measure, and which asserted the success of the Democratic party in maintaining its harmony and carrying out its pledges under difficult circumstances.

As soon as the president was assured that the last stumbling block had been removed from the path of the tariff bill he appeared before congress and urged upon that body the necessity for legislation to make the monetary system of the country more simple and uniform and more readily available for the needs of business. The currency bill, which was introduced simultaneously in the senate and house three days after the president had addressed congress on the subject, was essentially an administrative measure, and its enactment into law was a victory for President Wilson. The provisions of the law for a federal reserve board and the establishment of regional banks called for rather radical changes in the monetary system of the country. The majority of the leading banks, though opposed to the currency bill, have manifested a disposition to give the new system a fair trial and to aid in the work of starting smoothly.

The third great question of public policy to be taken up by President Wilson during his first year in office was the further regulation by the federal government of corporations engaged in interstate commerce. In his previous utterances President Wilson had made it plain that "bustling" and bailing the trusts was not to be the sport of his administration. At the same time he let it be known that he believed the Sherman anti-trust law needed revision to make it more effective in dealing with those corporations whose unlawful acts made them actual enemies of public welfare.

On January 20 the president made his third formal appearance before the two houses of congress assembled in joint session and explained his views on the trust problem. He condemned interlocking directorates, advocated the prosecution of individual directors and officials for the unlawful acts of their corporations, proposed to confer upon the interstate commerce commission the power to regulate the financial operations of transportation companies, and recommended the creation of an interstate trade commission. The president assured the business world that no frenzied campaign against the big corporation was contemplated, but that the efforts of the administration would be directed to bringing about "easy and simple business readjustments." The favorable impression of the president's message has been heightened by the recent attitude of the administration in permitting a number of corporations to make rearrangements and avoid prosecutions.

President Wilson's success in securing the enactment of the tariff and currency bills and his legislative policy in general has been more marked, or perhaps it would be more correct to say that it has been more apparent, than his successes in the diplomatic field. The two great diplomatic problems with which he has had to contend were the Mexican situation and the Japanese immigration question, both of which he inherited from the Taft administration. Early in August President Wilson sent ex-Governor Lind of Minnesota as special envoy to Mexico. On August 18 President Huerta declined the Wilson offer of Huerta, since which time the administration has adhered to its policy of non-interference. In the Japanese immigration matter the president failed in his efforts to persuade the California legislature to make its anti-alien land ownership law less objectionable to the Japanese, though he has succeeded in averting anything approaching an open rupture with Japan over the question. As both the Mexican and Japanese problems are still pending, it is perhaps too early to judge of the success of the Wilson policies or to venture a prediction as to the ultimate success of failure.

Miss Eleanor Wilson, President's Daughter, Acts to Save Bird Life.

Photo by American Press Association.

Miss Eleanor Wilson, daughter of President Woodrow Wilson, is deeply interested in bird life. She takes the leading role of Ornithologist, in a bird masque entitled "Sanctuary" whenever it is produced at society affairs. The latest performance was at the Hotel Astor in New York, when over 1,000 attended. Among the spectators was Miss Margaret Wilson, another daughter of the president. The masque is a plea for wild bird life. This picture shows Miss Eleanor Wilson in her costume as Ornithologist.

OUR POLICY TOWARD LATIN AMERICA

(By Hon. William Jennings Bryan, Secretary of State in Export American Industries.)

The policy of the present administration has been set forth in the statement issued by President Wilson last March and in his Mobile speech, together with the directions he has given in dealing with those countries whose affairs have engaged his attention. In his March statement he referred to the revolutions which have so greatly hindered the development of some of the countries to the south of us and indicated his opposition to the methods which are employed by ambitious men who attempt to seize control of the Government to advance their own personal interests.

All believers in a Republic accept the doctrine that the government must derive its just powers from the consent of the governed, and the president gives every legitimate encouragement to those who represent this idea of government while he discourages those who attempt to overthrow or ignore the principles of popular government.

He is not concerned as to the personnel of the Government—all he desires is that the people shall have such officers as they desire. In Mexico he tendered the good offices of this government with a view to aiding in reconciling the contending forces so that an election could be held and constitutional government restored. In Santo Domingo he discouraged a revolution that had broken out and exerted what influence he could to secure the reform of abuses by constitutional methods.

The main part of the government's work in Central and South America is in the encouragement of such investment as can be legitimately made by Americans interested in the development of these countries. Here the president has substituted for "dollar diplomacy" a diplomacy which looks to the safeguarding of American investments. Nothing will be encouraged away from home that is forbidden here; in other words, our business men are expected to carry with them into foreign lands the same business ideals that they follow here and employ methods which are defensible in the forum of morals.

One difficulty with the smaller republics is that they have to pay a very high interest rate when they borrow money—this interest rate including both the value of the money and the tax placed upon the risk taken. It is the aim of this administration to lessen the risk by such efforts as can be legitimately employed, so that the countries will be able to secure money for development at a lower rate of interest.

In so far as the President can discourage revolutions he can encourage that prosperity which comes with peace.

It may take some time to convince all the people of Latin-America of this nation's disinterested friendship. They have sometimes been made the victims of commercial greed; they have sometimes suffered from exploitation by concessionaires without conscience, and are, therefore, naturally suspicious, but these suspicions can be overcome and will be

INTERNAL REVENUE BUREAU AIDS IN SWELLING RECEIPTS

WASHINGTON, March 5.—While customs receipts have fallen off under the new tariff, the internal revenue bureau is coming to the rescue with increased collections from indirect taxes. The total collected by the bureau from July 1, 1913 to January 31st, 1914, was \$191,792,279 an increase of \$2,636,329 over the corresponding period for the previous year.

The tax on tobacco brought in \$47,680,435, an increase of \$2,371,258 and fermented liquors \$40,276,380, an increase of \$1,412,306. Distilled spirits, including whiskey, however, brought in only \$98,940,304, a decrease of \$1,409,719.

POLICE ROUT MARCHEERS.

Oakland, Cal., March 5.—"General" Kelly's band of 2,000 unemployed men, which started from San Francisco Tuesday to march to the national capital, was routed here today by 250 policemen armed with rifles. The entire band was put aboard street cars and shipped to Richmond, a nearby town. No resistance was offered, the men ignoring Kelly's plea that they stand and give battle to the police.

Freckle-Face

Now is the Time to Get Rid of Those Ugly Spots.

Do you know how easy it is to remove those ugly spots so that no one will call you freckle-face? Simply get an ounce of othine, double strength, from your druggist, and a few applications should show you how easy it is to rid yourself of freckles and get a beautiful complexion. The sun and wind of February and March have a strong tendency to bring out freckles, and as a result more othine is sold in these months. Be sure to ask for the double strength othine, as this is sold under a guarantee of money back if it fails to remove the freckles.

WORLD'S LATEST FINANCIAL AND MARKET NEWS

CLOSING QUOTATIONS SHOW GENERAL LOSSES IN STOCKS

Severe Break in Chesapeake & Ohio
Effectively Checks Advance and
Depresses Railroad List Consider-
ably.

(By Associated Press.)
New York, March 5.—Closing quo-
tations today showed general losses
which were the largest among the
railroad stocks.

The market made a small advance
in the early trading under the stimu-
lus of active speculative buying. The
steel stocks, yesterday's strong points
were again the favorites. While the
buying appeared to be largely in the
nature of short covering there were
evidences of increased speculative
dealings on the long side.

A severe break in Chesapeake &
Ohio effectively checked the move-
ment.

So much importance has been at-
tached recently to matters affecting
railroad finances that the decline in
Chesapeake & Ohio depressed the
general railroad list considerably.

Disheartened by the low capital de-
creasing railroad earnings and the uncertain
outlook for the five per cent increase
in freight rates all bear upon the
speculative position of the railroad
stocks which have been increasingly
sensitive recently.

Mother's Friend in Every Home

Comfort and Safety Assured Before
the Arrival of the Storm.

The old saying—what is home without a mother—should add "Mother's Friend." In thousands of American homes there is a bottle of this splendid and famous remedy that has aided many a woman through the trying ordeal, saved her from suffering and pain, kept her in health of mind and body in advance of baby's coming and had a most wonderful influence in developing a healthy, lovely disposition in the child.

There is no other remedy so truly a help to nature as Mother's Friend. It relieves the pain and discomfort caused by the strain on the ligaments, makes pliant those fibres and muscles which nature is expanding and soothes the inflammation of breast glands.

Mother's Friend is an external remedy, acts quickly and not only banishes all distress in advance, but assures a speedy and complete recovery for the mother. Thus she becomes a healthy woman with all her strength preserved so that she can thoroughly enjoy the rearing of her child. Mother's Friend can be had at any drug store at \$1.00 a bottle, and is really one of the greatest blessings ever discovered for expectant mothers. Write to Bradfield Regulator Co., 128 Lamar Bldg., Atlanta, Ga., for their free book. Write to-day. It is most instructive.

There is a wealth of instruction and comfort to be derived in reading this little book. It is plainly written, just what every woman wants to know, and will be a splendid little textbook for guidance, not only for yourself, but will make you helpful to others. And, in the meantime, do not fail to get a bottle of Mother's Friend at the drug store, and thus fortify yourself against any and all pain and discomfort.

The World's Confidence in

any article intended to relieve the sufferings of humanity is not lightly won. There must be continued proof of value. But for three generations, and throughout the world, enduring and growing fame and favor have been accorded

BEECHAM'S PILLS

because they have proved to be the best corrective and preventive of disordered conditions of stomach, liver, kidneys and bowels. The first dose gives quick relief and permanent improvement follows their systematic use. A trial will show why, in all homes, the use of Beecham's Pills

HIGHWAY COMMISSION CALLS ATTENTION TO BRIDGE RULES

County Superintendents are Notified
What Requirements are Made for
Construction.

The construction of bridges, as well as highways, comes under the jurisdiction of the state highway commission, under the new Tice hard roads act, and the commission has sent out bulletins giving information on the methods of bridge construction to be pursued by county superintendents of roads.

Under the plan outlined by the commission, better bridges will be provided in the future at less cost than has been general in many sections of the state.

The bulletin announces that plans of all bridges to be constructed must be submitted, together with a sketch showing the location, to the state commission.

The following general provisions apply in construction:

The abutments and piers of all bridges shall be of concrete, reinforced concrete or stone masonry.

All footings of piers and abutments are to be placed not less than four feet below stream bed unless rock is encountered.

Plans of bridges showing steel tubes or steel legs will not be approved.

All culverts and bridges of 60 foot span or less should be of concrete, reinforced concrete or construction that will insure equal durability, and no plans for steel bridges or spans less than 60 feet will be approved, except it is shown the bridge may be of temporary character.

To meet the approval of the commission the bridges must conform to the following requirements:

On all designated state aid routes the minimum clear width of roadway shall be not less than 24 feet for bridges up to and including 25 feet in length; 20 feet for bridges over 25 feet and up to and including 60 feet in length; 18 feet for bridges over 60 feet in length. No such bridge, however, located within 50 miles of any city having a population of 200,000 or over shall have a clear roadway less than 24 feet.

BIDS ARE ASKED.

The board of education of the city of Jacksonville desires sealed bids for supplying the public schools with two lathes, two saws, one grinding stone, for use in the manual training department; also for electrical equipment, both alternating and direct current. Specification for the same are on file in this office. Bids will be received until 12 o'clock noon, Monday, March 9th, the board reserving the right to reject any or all.

R. L. Pyatt, Clerk.

READY TO GREET

WORLD TOURISTS.
New York, March 5.—The big men of baseball are here in readiness for the welcome demonstration in honor of the Comiskey-McGraw world tourists. A committee representing the two major leagues has chartered a tug to meet the Lusitania when she comes up the bay. Among the big league magnates who will extend the glad hand to the returning globe trotters will be Ban B. Johnson, president of the American league; Harry N. Hemphill, president of the New York Nationals; Frank Farrell, president of the New York Americans; Ben F. Shibe, president of the Philadelphia Athletics; Joseph J. Lannin, president of the Boston Americans; and W. F. Baker, president of the Philadelphia Nationals.

MANY UNEMPLOYED IN BERLIN.

Berlin, March 5.—So acute is the unemployment problem in Berlin that the municipal council has approved of a plan for setting aside a sum of \$75,000 for the purpose of making small loans to citizens whose means have become temporarily exhausted through no fault of their own, but owing to the present economic conditions.

March 6, 1914.

To Anna McSherry, George H. McSherry and Frank J. McSherry: You are hereby notified that at a sale of Real Estate made by the collector of Morgan County, Illinois, at the door of the Court House in the City of Jacksonville, County of Morgan and State of Illinois, on the tenth (10th) day of June, A. D. 1912, I, Earl M. Johnston purchased the following described Real Estate situate in said county, taxes in the name of Anna McSherry, for taxes, interest, penalties and costs due thereon, for the year A. D. 1911, to-wit: Lots number three (3) and four (4) in Osborne's Addition to Jacksonville; and also lot number thirty-three (33) in Yates and Green's Sub-division of lot number one (1) in the City Addition to Jacksonville; and that the time allowed by law for the redemption of said Real Estate will expire on June 10, A. D. 1914.

Earl M. Johnston.

STATE FINALS WILL BE IN DECATUR

HIGH BASKETBALL TEAMS TO
MEET SOON.

Teams Representing Eight District
Tournaments Will Compete for State
Honors—Hard to Pick Probably
Winner.

Who will win the state championship? That is the question of moment not only with the backers of the eight district champions but of more than 100 other schools whose teams lost the race for district tournament honors.

The state finals will be held Friday and Saturday, March 13 and 14, at Decatur, and it will indeed be a battle royal. Here are the teams which will contest for the highest scholastic honors in the state:

Central—University High of Normal.
North Central—Peoria Manual.
Northern—Freeport.
Northwestern—Galesburg.
Northeastern—Evanston Academy.

Western—Granite City.
Eastern—Hillsboro.
Southern—Centralla.

Now pick the winner! Every team has come through the fire and was not found wanting. Each won its victory through merit alone. The officiating at all the tournaments was first class and the teams which lost can blame only themselves for lacking the punch to put it over.

In all but two of the eight tournaments the contests were especially hard fought. The exceptions were at Peoria and Carbondale. At Peoria there were only two first class teams, with only five teams contesting. These were Manual and Central and though Central had a better record, Manual was able to deliver when the time came. Centralla was conceded in a class by itself until the tournament and all its games were easy until the finals, when Collinsville was beaten by only five points.

The contest at Bloomington was bitterly fought between half a dozen A-1 teams, but University High's splendidly balanced five was easily without a peer. Decatur, Bloomington, Lexington, Gibson City and Bellflower made a brave try, but Coach Lyons' well oiled machine mowed down all opponents.

The team that came through at Elgin, Evanston Academy, had a hard row to hoe. It was thought that either Joliet or Elgin would win first place, but Elgin did not place and Joliet was only fourth, with Wheaton second and New Trier third.

Galesburg was expected to win out and did with ease, Moline taking second and Yates City and Rock Island third and fourth. There were many good teams in this division.

Granite City, picked for first in the western division, showed its worth by trouncing Springfield in the finals. Pittsfield beat Canton for third place. This was one of the divisions that had too many teams entered, with the result that all were worn out before the finals, excepting perhaps Granite City.

The surprise of the southeastern tournament was the showing of Robinson, which played Hillsboro to a standstill in the finals, taking second. Charleston, thought good for first or second, finished six places down. Shelbyville was third and Neoga fourth.

There were about 110 teams entered in the various tournaments. Though the state was divided into eight districts instead of six by Vice President Newlon of the state athletic association, in an effort to adjust the centers so none would be crowded, the result was anything but satisfactory.

There were only five teams entered at Peoria, while at Galesburg, Jacksonville and Elgin the numbers ran up close to twenty each. Some effort should have been made by state officials to adjust this unequal assignment, even at the last moment, but none was made. Several of the teams entered at Elgin might just as well have been entered at Rockford, while the surplus at Jacksonville, Bloomington and Galesburg could have been distributed between Peoria and Charleston. There were only eight entries at Rockford, against twenty at Elgin.

A reclassification was made for next year, though the list will hardly be increased over eight, a splendid number for a final tourney.

KAISER PREFERRED

TO STAY ABED.
Berlin, March 5.—An amusing story concerning the kaiser is going the rounds of the sporting clubs in Berlin. He was out recently hunting and saw a fine big antlered stag which he desired to lay low. Scenting danger, it had, however, gone off into the thick woods of the royal demense. The kaiser ordered his head keeper to watch for the stag and no matter what he hour to let him know when he got sight of it again. One morning at an early hour of six the keeper spotted the stag. He hurriedly went and informed the adjutant-in-waiting, who had no hesitation in waking the kaiser up. "The big stag has reappeared, your majesty," said the adjutant. But the kaiser merely took a tug at his bed covers and rolled over for another nap, murmuring, "Tell him to wait."

COUNTY CENTENNIAL ASSOCIATIONS WILL ACT IN UNISON.

Purpose Is to Have Local Associations
Preserve History of State
By Counties.

Springfield, Ill., March 5.—Inquiries are pouring into the office of the Illinois Centennial Commission from all over Illinois, on the subject of the organization of County Centennial associations. Preliminary announcement of the intention of the centennial commission to organize a local branch in every county of the state has met with surprising and gratifying response, men and women in all walks of life volunteering their services to assist in any way possible in making the 1918 celebration the most noteworthy in the history of Illinois.

The object of the County Centennial associations is to preserve the history of the state by counties and to arrange for the county celebrations in 1918 of the 100th anniversary of Illinois statehood, as well as to assist in the general state celebration. Men and women generally are invited to participate in the organization of the local association and to become active members of the same. It is expected that these County Centennial associations will not pass away with the celebration of the Illinois centennial, but will become permanent institutions, working in conjunction with county historical societies in the preservation of historical data, documents and other materials.

Persons desiring information relative to the organization of a County Centennial association in the county should communicate with Mrs. Jessie Palmer Weber of Springfield, secretary of the centennial commission, who can answer any questions pertaining to the plans of the commission. Membership in the County Centennial association costs nothing, and there are no dues to be paid; the organization being actuated and operated solely from patriotic motives. School teachers, lawyers, doctors, business men, members of women's clubs, carpenters, mechanics; in fact, men and women of all trades and professions are interested in the observance of the state's centennial and will be expected to take a hand in the activities of their respective County Centennial associations.

FREE OPERA HOUSE VAUDEVILLE
TICKETS AT THE GEM

Novel Plan Is Announced For Tonight—North Side Theater to Use General Film Company's Service.

At the Gem Theater tonight Managers Rees and Gorman will inaugurate a new plan for the benefit of their patrons and offer ten Grand Opera House vaudeville tickets free to patrons. There will be no drawing or anything of that kind, but certain numbers will be posted in plain view on the wall and the persons who secure Gem admission tickets numbers to correspond will be given the Opera House tickets also. The Gem's first show will be over in plenty of time for the lucky ones to go over to the Grand and enjoy the splendid vaudeville now showing there.

The Gem management has also announced that beginning next Monday the service of the General Film Company will be used there. This includes such well known pictures as Biograph, Vitagraph, Edison, Lubin, Pathe, Selig, Kalem, Eclipse and Cines. The patronage at the Gem is continually increasing as the public has learned that the management takes special care in offering only the best pictures for their entertainment.

The management of the Grand is justly proud of the vaudeville show now being offered. Lots of seats sold for tonight; lots of other good seats left. Phone early this morning.

VAUDEVILLE AT
THE GRAND

A big audience was present at the Grand last night for the guaranteed vaudeville show and they thoroughly approved of the attractions offered was evidence by their enthusiasm. The bill includes Wornelle the great, Rita and Paule, in singing, talking and dancing; Leonore and Sherwood, termed assassins of melancholy, and Train and Train in their big act. Train and Train found particular favor, because of the excellence of their offering and from the added fact that they are Jacksonville people. Pictures were also included with the program which from a vaudeville standard was worthy of the Majestic or the Palace in Chicago. The same feature acts will be given tonight at 7:30 and 9 o'clock.

TEAMS CHOSEN FOR
BIG JOINT DEBATE

SIGMA PI AND PHI ALPHA MEET ON MARCH 27.

Representatives Were Chosen Yesterday and Sides Will Be Picked Today—Judges Announced—Bradley Sends Team Here Tonight for Freshman-Sophomore Clash.

Phi Alpha and Sigma Pi literary societies of Illinois college chose yesterday their representatives for the annual joint debate, which will be held March 27. Sigma Pi will be represented by Edward Bullard, leader, Ellis Spray and C. H. Dixon, responsible with Earl Harmon, alternate. Phi Alpha will be represented by Roy Bracewell, leader, Clarence Kimmel, Robbins Russell, responsible and Reuben Cohn, alternate. Which side each team shall have will be decided today.

The question for debate is, Resolved, that Federal Government should conduct the express business of the country, constitutional ability being conceded. By the term conduct it is agreed to mean, own and operate.

The men who have consented to act as judges are Robert C. Moore of Carlinville, county superintendent of Macoupin county; Frank Thompson, principal of the Springfield high school and Prof. M. H. Robinson, of the faculty of the University of Illinois.

The team who debates the affirmative side of the question will one week later debate Monmouth college here, and on the same night, the negative team will go to Rock Island where they will debate Augustana college.

Debate Friday Night. Tonight the annual intercollegiate Freshman-Sophomore debate between Illinois and Bradley of Peoria will take place in the Jones building. The local team is composed of Edward Korschmeier, Clay Apple and Joseph Looney and Thomas Mangner as responsible. Considerable interest is being manifested in the contest tonight.

The vaudeville bill at the Grand now, is par excellence and you will say so too if you see. Get reserved seats early today.

MISSIONARY SOCIETY MEETS WITH MRS. DENNIS SCHRAM.

The Missionary society of the First Baptist church met Thursday afternoon at the home of Mrs. Dennis Schram, 1108 South Main street, and enjoyed a most profitable program. The occasion was the monthly meeting of the society combined with the quarterly observance of the birthdays of a portion of the members. A social hour was passed after the program and refreshments were served at a convenient hour. The ladies having birthdays in January, February and March, who assisted Mrs. Schram, were Mrs. Alex. Babjohna, Mrs. Joseph Jackson, Mrs. E. O. Mayer, Mrs. George Shaw, Mrs. Robert Henley, Mrs. T. O. Hardesty, Miss Emma Hayden and Miss Sarah Bowen.

In the literary portion of the program the principal place was taken by discussion of the question, "If our foreign missions had for their investment a sum of \$500,000 to be used as they saw fit in China, what form of missionary activities should be selected, evangelistic, educational or medical missions." Mrs. G. H. Koppert presented her views. E. O. Mayer, Mrs. J. B. Williamson argued for medical missions and Mrs. E. O. Mayer defended the educational phase of missionary activity. An interesting short story was read by Mrs. J. C. Coleman entitled, "Light and Shadows in the Philippines."

Phone early this morning for seats for the vaudeville show at the Grand tonight. A real big class show and pictures too.

ANTONIO NUNES DIES AT PASSAVANT

WAS SHOT BY HIS SON FRANK A MONTH AGO.

Patient, According to Physicians in Attendance, Was Doing Nicely Until Pneumonia Developed Three Days Ago—Coroner's Inquest Held Today.

Antonio Nunes, who received a gun-shot wound at the hands of his son Frank, on the night of February third, died at Passavant hospital Thursday evening at 6:40 o'clock. According to the attending physicians, Mr. Nunes was convalescing in a satisfactory manner, with a fighting chance for his life, when he contracted pneumonia three days ago. He gradually grew worse until the end came last night. Mr. Nunes displayed remarkable grit and courage during his long illness, as the wound was of a most serious nature.

Shot Month Ago.

It will be recalled that Mr. Nunes was shot at his own home on the night of February the third. According to the story told them, the father had been drinking during the day and there had been a general commotion throughout the morning and afternoon. Sometime during the afternoon his son Charles came to Jacksonville and swore out a warrant for his arrest. Sheriff Rogers was notified that Mr. Nunes was coming into Jacksonville that night to attend a meeting of the Modern Woodman and that he could be arrested at that time. Sheriff Rogers dispatched Deputy Andrews to be on the lookout for him and make the arrest.

Mr. Nunes did not come to the city that night and after his son Charles had returned home, Mr. Nunes began to inquire for him and had hunted about the premises for him. It is stated that when the father returned to the house he insisted that his son was up stairs and said that some hasty words were spoken and that his son Frank secured a shot gun and while standing on the stairway, shot at his father, the contents tearing away a great portion of the neck. Dr. J. U. Day was summoned but Mr. Nunes suffered a great loss of blood before the physician arrived as the roads were bad which necessitated the trip being long. It was deemed advisable to bring him to Passavant hospital, which was done that night, arriving here about 2 o'clock. Dr. W. P. Duncan was also called in on the case and the necessary medical attention was given. It was several days that Mr. Nunes hovered between life and death and finally began to show signs of improvement.

Arrests for Shooting.

As a sequel to the shooting, the following day Frank Nunes was arrested, charged with the crime and his mother as an accomplice. Both were released on bond. Nothing further had been done relative to the matter, awaiting the progress of Mr. Nunes' illness.

Inquest Today.

Coroner Wright was notified of the death of Mr. Nunes. He was in Franklin and could not get here last night. The inquest will be held some time today. The body of Mr. Nunes was taken to the undertaking parlors of Williamson and Cody. Some little time is expected in taking all the evidence in the case as several important matters will be brought up.

Father of Eight Children.

Mr. Nunes was 55 years of age and was born in Morgan county. He resided about four miles north of the city and had been a farmer the greater part of his life. He married Miss Mary Ornellas, June 15, 1880. They were the parents of the following children: Norman, Mrs. Carl Sevier, Isaac of Meredosia; Mrs. Joseph Fortado, Tony, Charles, Frank and Joseph. He also leaves four brothers, Samuel, James and John of this community and Edward of Girard. He leaves three sisters, Mrs. Stephen Ornellas, Paris, Mo.; Mrs. John Watson and Mrs. John Lomelino, both of Girard.

Mr. Nunes was a member of the Modern Woodman, No. 912, Sociedade Philanthropica and Loyal Order of Moose.

No funeral arrangements have been made.

PUBLICITY POWERS

SHOULD BE BROAD.

Washington, March 5.—With limitations to protect legitimate trade secrets President Wilson and members of the congressional committee are agreed that the powers of publicity to be given to the proposed inter-state trade commission should be as broad as possible. The president let this be known today when explaining the status of pending anti-trust measures. Upon being asked whether the commission should consist of three or five members he said he did not see much difference and that the committee would determine.

ATTENDED NEGRO'S FUNERAL.

Washington, D. C. March 5.—Secretary Daniels put aside demands of a busy day at the navy department this afternoon to go to a humble negro cottage to attend the funeral of William Wilkes, for thirty-seven years the faithful keeper of the door of the secretary of the navy and during the civil war, the personal servant of Admiral Porter. Mr. Daniels was accompanied by his sister-in-law, Miss Ethel Bagley.

SABATH DENIES CHARGES.

Chicago, Ill., March 5.—A statement from Congressman A. J. Sabath denying that he had used his influence to profit from the sale of school sites to the school board, was read today to the joint committee investigating the purchase of sites. The committee voted to ask Congressman Sabath to appear for cross-examination on the statement.

RETURN SIXTEEN INDICTMENTS

AGAINST FORMER BANK PRESIDENT

MEMPHIS, Tenn., March 5.—Sixteen indictments were returned today against C. Hunter Raine, former president of the Mercantile Bank of Memphis, four against Claude Anderson, cashier and one jointly against Raine and Anderson. The indictments charge embezzlement and other irregularities to which is attributed the wrecking of the bank which closed several weeks ago with a shortage, according to the finding of the state superintendent of banks of \$1,091,000. Anderson furnished \$10,000 bail and was released. Raine is in prison where he was placed Feb. 10th. One indictment was placed against Raine two weeks ago.

JURY CONVICTS WRITER AND MAN SHOWING WHITE SLAVERY FILMS

NEW YORK, March 5.—The jury last night witnessed white slavery motion picture films in the court of general sessions tonight convicted Samuel H. London, who wrote the story depicted by the film and Harry C. Bohn, manager of a theatre where it had been produced, of showing pictures of an immoral character. The jury deliberated less than an hour. Extreme clemency was recommended and the defendants were paroled for sentence next Thursday.

SUFFERS RUBONIC PLAGUE.

Havana, March 5.—The committee on contagious diseases today diagnosed the illness of a Spaniard named Francisco Fernandez, a clerk in a grocery store, as rubonic plague. MENTION ROCKHILL AMONG

OTHERS FOR STATE COUNSELLOR

Government Wants Best Authority on International Law and Best Lawyer Obtainable.

Washington, March 5.—Wanted—The best authority in international law and the best lawyer obtainable for the positions of counsellor and solicitor respectively in the state department. This was the word which came from the white house with the information, too, that President Wilson sought the most efficient men for these places irrespective of their political affiliations. For the post of counsellor, vacated by John Bassett Moore, the president realizes that he will have a difficult task in finding another such authority on international questions. He hopes, however, to get an experienced constitutional law expert who has had broad diplomatic training as well. The name of W. W. Rockhill, former ambassador to Turkey and Russia, who was recently mentioned for the position of diplomatic adviser to the president of China was prominent in today's discussion.

Henry White, former ambassador to France, also was mentioned, as were William Bayard Hale and John Lind, who have been unofficial representatives of the president in Mexican affairs.

CHARGE FOUR ST. LOUIS DOCTORS WITH USING MAIL TO DEFAUD

ST. LOUIS, Mo., March 5.—Four advertising doctors were arrested here today on federal warrants charging them with using the mails to defraud. A similar warrant has been issued against a fifth man who is being sought in New York.

The action of the government followed a local campaign against alleged medical quacks and their prosecution in the criminal courts on charges of obtaining money under false pretense.

FORMER SENATOR DIES.

Reno, Nevada, March 5.—Former United States Senator Massey of this city died today while enroute from Reno to Susanville, Cal.

Mr. Massey served as United States senator from Nevada being appointed by Governor Odell to fill the vacancy caused by the death of the late Senator George S. Nixon. He was born in Oakfield, Perry county, Ohio, and came west in 1886.

WILL RETIRE VREELAND.

Washington, March 5.—Charles Edward Vreeland, the senior rear-admiral of the navy, will be placed on the retired list on account of age March 10th. Admiral Vreeland is a member of the joint defense and the naval general boards. He was born in New Jersey and with Rear-admiral Southerland, who follows him on the list of rear-admirals, enjoys the distinction of having risen from the grade of naval apprentice.
